Bush and Barack Obama to pressing issues during their terms in office Assuming an interdisciplinary approach it illuminates the characteristics of modern crisis rhetoric The aim of the book is to show that elements of Puritan rhetoric and specifically the tradition of the jeremiad although taken out of their original context and modified to suit a modern multiethnic society can still be detected in contemporary political communication It will be of interest to students and scholars of presidential rhetoric political communication sociolinguistics and cultural studies **Shades of Grey** Barrington Watson, 1998
