ICTMT 2019 Sharina Osman, Ilham Sentosa, Putu Ngurah Suyatna Yasa, Mirsa Umiyati, I Gede Suranaya Pandit, 2019-08-19 The 1st International Conference on Tourism Management and Technology is motivated by improving the quality of research and development relating to tourism management and technology fields. Thus, this conference has aims: 1 to bring together the scientists, researchers and practitioners and lecturers; 2 To share and to discuss theoretical and practical knowledge about innovation in tourism management and technology fields. The conference took place in Universiti Kuala Lumpur, Malaysia, on August 17th, 2019. There are 34 papers that are participated from various topics. The conference involves tourism management and technology fields such as Media and Technology in Tourism, Innovation in Tourism, The Theoretical Perspective on Tourism, Sustainable Tourism, Gender and Diversity Issue in Tourism, Technology and Management on Tourism, Law in Tourism, Health Tourism, Tourism Policy and Planning, Tourism and Environment, Finance in Tourism. Specifically, this conference can be used as a scientific forum for accommodating discussion among young researchers that originated from Indonesia in the field of Tourism Management and Technology. Therefore, the invited speakers in this conference are the researchers that are well known and reputable in the world. We would like to thank the organizing committee and the members of reviewers for their kind assistance in reviewing the papers. We would also extend our best gratitude to keynote speakers for their invaluable contribution and worthwhile ideas shared in the conference. Furthermore, ICTMT is hoped to be able to be used as academic media to exchange ideas and as a result, it will succeed in deciding the recommendation related to the tourism management and technology phenomenon.

Rise of the Far Right Melody Devries, Judith Bessant, Rob Watts, 2021-07-29 After decades on the social and political margins, far right groups and movements are enjoying increasing success and even claiming a place in mainstream electoral politics in many Western political systems. Research shows that new media like Twitter, YouTube and community sites like 4chan and Reddit are increasingly involved with the mobilization of popular support for far right electoral campaigns and even organized political violence. These technologies, including other social media, discussion websites, certain online games, chat servers, talk radio, cable news and print media, are making contemporary far right ideologies possible in diverse ways, altering methods of recruitment to the extent that they become unrecognizable from far right movements of the past and thus more dangerous. The results of these new technological processes can be seen in the increasing normalization of far right values within mainstream culture, politics and media ecosystems within countries from the United States, Britain, Australia, Germany and Hungary. This book brings together recent academic research exploring how far right groups use new media to recruit followers to extremist beliefs and mobilize political action. In doing so, the book reveals the complex ways that evolving technologies are used both purposively, subtly and in some cases incidentally to recruit and mobilize far right support.

Guinea International Monetary Fund, African Dept., 2016-04-04 This report reviews Guinea's economic performance under the program supported by an Extended Credit

Facility ECF arrangement Guinea was declared free of the Ebola epidemic at end 2015 and after two years of stagnant activity growth is expected to rebound this year After solid performance in 2014 ECF program implementation weakened in 2015 Following last October's Presidential elections there has been a concerted effort to bring the ECF supported program back on track Macroeconomic policies for 2016 aim to improve reserves coverage to three months of imports and keep inflation within single digit figures as envisioned in the 2015 ECF supported program The 2016 budget envisions a significant broad based fiscal contraction

Brazil International Monetary Fund. Fiscal Affairs Dept.,2017-05-03 Despite the development of fiscal responsibility legislation several weaknesses in fiscal transparency have had adverse effects on the quality of fiscal policy many of which are being addressed Brazil has made significant progress over recent decades in providing regular information on the budget and its implementation at all levels of government partly driven by the 2000 Fiscal Responsibility Law FRL These include advances in implementing international standards to improve the quality of data At the same time fiscal transparency has been undermined by weaknesses in the fiscal framework and by practices that are inconsistent with the principles of the FRL including unreported liabilities the pedaladas These include incomplete information on policies and their costs or risks accounting changes and lack of clarity on fiscal reporting standards that undermine the effectiveness of the fiscal rules at all levels of government lack of transparency in the relationship between the central government and public banks and between the central government and subnational governments and corruption involving some of the largest public enterprises Since 2015 important efforts have been underway to address some of these weaknesses

Religious Politics in Turkey Ceren Lord, 2018-11-08 Since the elections of 2002 Erdogan s AKP has dominated the political scene in Turkey This period has often been understood as a break from a secular pattern of state building But in this book Ceren Lord shows how Islamist mobilisation in Turkey has been facilitated from within the state by institutions established during early nation building Lord thus challenges the traditional account of Islamist AKP s rise that sees it either as a grassroots reaction to the authoritarian secularism of the state or as a function of the state s utilisation of religion Tracing struggles within the state Lord also shows how the state s principal religious authority the Presidency of Religious Affairs Diyanet competed with other state institutions to pursue Islamisation Through privileging Sunni Muslim access to state resources to the exclusion of others the Diyanet has been a key actor ensuring persistence and increasing salience of religious markers in political and economic competition creating an amenable environment for Islamist mobilisation

The Once and Future Worker Oren Cass, 2018-11-13 Cass s core principle a culture of respect for work of all kinds can help close the gap dividing the two Americas William A Galston The Brookings Institution The American worker is in crisis Wages have stagnated for more than a generation Reliance on welfare programs has surged Life expectancy is falling as substance abuse and obesity rates climb These woes are not the inevitable result of irresistible global and technological forces They are the direct consequence of a decades long economic consensus that prioritized increasing consumption regardless of the costs to American workers their families and their communities Donald Trump s rise to the presidency focused attention on the depth of the nation s challenges yet while everyone agrees something must change the Left s insistence on still more government spending and the Right s faith in still more economic growth are recipes for repeating the mistakes of the past In this groundbreaking re evaluation of American society economics and public policy Oren Cass challenges our basic assumptions about what prosperity means and where it comes from to reveal how we lost our way The good news is that we can still turn things around if the nation s proverbial elites are willing to put the American worker s interests first Which is more important pristine air quality or well paying jobs that support families Unfettered access to the cheapest labor in the world or renewed investment in the employment of Americans Smoothing the path through college for the best students or ensuring that every student acquires the skills to

succeed in the modern economy Cutting taxes expanding the safety net or adding money to low wage paychecks The renewal of work in America demands new answers to these questions If we reinforce their vital role workers supporting strong families and communities can provide the foundation for a thriving self sufficient society that offers opportunity to all

Health United States ... Center for Disease Control and Preventio, *The Convergence of K-12 and Higher Education* Christopher P. Loss,Patrick J. McGuinn,2021-03-02 In *The Convergence of K 12 and Higher Education* two leading scholars of education policy bring together a distinguished and varied array of contributors to systematically examine the growing convergence between the K 12 and higher education sectors in the United States Though the two sectors have traditionally been treated as distinct and separate the editors show that the past decade has seen an increasing emphasis on the alignment between the two At the same time the national focus on outcomes and accountability originating in the K 12 sector is exerting growing pressure on higher education while trends toward privatization and diversification long characteristic of the postsecondary sector are influencing public schools This volume makes the powerful case that it is no longer possible to think of one sector in the absence of the other given the economic demographic and technological forces that are pushing the educational system toward convergence Taken together the chapters in this book provide a promising new line of inquiry for examining contemporary questions in education policy
