Rifle Green In The Crimea An Account Of The Rifle:

Rifle Green in the Crimea George Caldwell, Robert Cooper, 1994 **Imagining Soldiers and Fathers in the Mid-Victorian Era** Dr Susan Walton, 2013-04-28 Beginning with the premise that women's perceptions of manliness are crucial to its construction Susan Walton focuses on the life and writings of Charlotte Yonge as a prism for understanding the formulation of masculinities in the Victorian period Yonge was a prolific writer whose bestselling fiction and extensive journalism enjoyed a wide readership Walton situates Yonge's work in the context of her family connections with the army showing that an interlocking of worldly and spiritual warfare was fundamental to Yonge's outlook For Yonge all good Christians are soldiers and Walton argues persuasively that the medievalised discourse of sanctified violence executed by upright moral men that is often connected with late nineteenth century Imperialism began earlier in the century and that Yonge's work was one major strand that gave it substance Of significance Yonge also endorsed missionary work which she viewed as an extension of a father's duties in the neighborhood and which was closely allied to a vigorous promotion of refashioned Tory paternalism Walton's study is rich in historical context including Yonge's connections with the Tractarians the effects of industrialization and Britain's Imperial enterprises Informed by extensive archival scholarship Walton offers important insights into the contradictory messages about manhood current in the mid nineteenth century through the works of a major but undervalued Victorian author **The Great Redan at Sebastopol** James W. Bancroft, 2023-04-06 On 18 June 1855 the 40th anniversary of the Battle of Waterloo British assault troops moved out of their trenches before Sebastopol in the Crimea and attacked the formidable Russian bastion known as the Great Redan They came under such a murderous fire from the Russian defenders that the attack faltered and the British were eventually forced to fall back As they did so they left over 1 000 comrades dead and dying out in the open and at the mercy of enemy snipers The Siege of Sebastopol saw the development of trench warfare for the first time Using eyewitness accounts and unpublished letters the author tells the story of how the men coped with the terrible conditions as they prepared for the assault as well as the events during and after the fighting Among the anecdotes is an officer who had the ingenious idea of warming up cannon balls in the camp fires and taking them into the tents at night to keep warm and he went on to live for over a hundred years Well known for his depth of research the author questions a number of points regarding the Great Redan that are commonly believed to be historical fact Quoting the father of Alexander the Great it was the Russians who soon after the assault on the Great Redan first referred to the British as An army of lions led on by donkeys For over 100 years it was stated in many publications that the most Victoria Crosses awarded for a single action was the eleven presented for actions during the defense of Rorke's Drift during the Zulu War in 1879 However as the author reveals twenty of the lions who fought at the Great Redan received Britain's highest gallantry award in whole or in part for their actions on 18 June 1855 The book includes biographical tributes to many of the men who were killed in action gives details of the places where they are commemorated and provides biographies with all the

up to date information concerning the twenty Victoria Cross recipients **Sharpshooter in the Crimea** Michael Springman,1990-12-31 The letters home to his family by Gerald Goodlake a young officer in the Coldstream Guards make remarkable reading They vividly describe the ill preparedness of the British Army and the dire conditions experienced by all ranks in the Crimea Goodlake s views on senior officers were frank to say the least Most important Goodlake s initiative and courage in organising and leading what were Special Forces were rewarded by the award of one of the first Victoria Crosses Goodlake served in the Crimea from early 1854 to the end two years later **The Guards Brigade in the Crimea** Michael Springman,2009-06-25 The Guards Brigade consisted of three battalions the 3rd Grenadier Guards 1st Coldstream Guards and 1st Scottish Fusilier Guards as the Scots Guards were then known The book opens with a resum of the causes of the War and an analysis of the woeful disorganization of the Army in contrast to the efficiency of the Royal Navy The Brigades performance in the major battles Alma inkerman etc is examined The author describes the Russians plans the ground and conditions experienced by the long suffering troops The roles and abilities of the various commanders often found wanting is fascinatingly treated After the war was over the return home and parades are described **The Numismatic Circular and Catalogue of Coins, Tokens, Commemorative & War Medals, Books & Cabinets** Spink & Son,1906 **Annual Bibliography of British and Irish History** ,1993 *Whitaker's Books in Print* ,1998 **Spink & Son's Monthly Numismatic Circular** ,1906 **Real War Horses** Anthony Dawson,2016-10-30 Many histories have been written about the conflicts the British army was involved in between the Battle of Waterloo and the First World War There are detailed studies of campaigns and battles and general accounts of the experiences of the soldiers But this book by Anthony Dawson is the first to concentrate in depth in graphic detail on the experiences of the British cavalry during a century of warfare That is why it is of such value It is also compelling reading because it describes using the words of the cavalymen of the time the organization routines training and social life of the cavalry as well as the fear and exhilaration of cavalry actions Perhaps the most memorable passages record the drama and excitement of cavalry charges and the brutal confused often lethal experience of close quarter combat in a melee of men and horses Few books give such a direct inside view of what it was like to serve in the British cavalry during the nineteenth century *Out of Nowhere* Martin Pegler,2011-09-20 A full and detailed history of the military sniper from the American Civil War to the war on terror packed with first hand accounts The sniper is probably the most feared specialist warrior and the most efficient killer on the battlefield Endlessly patient and highly skilled once they have you in their crosshairs your chances of survival are slim This revised edition of *Out of Nowhere* provides a comprehensive history of the sniper giving insights into all aspects of their lives their training tactics equipment and the psychology of sniping are examined in the context of the major wars of modern times including the American Civil War both world wars the Vietnam War and the conflict in Afghanistan First hand accounts from veteran snipers demonstrate their skill and extraordinary courage and show why they are still such a vital part of any war [New Annual Army List](#),
