Music Preferred Lorraine Byrne Bodley, 2018-05-28. The contributions to this Festschrift honouring the distinguished Irish musicologist Harry White on his sixtieth birthday have wide repercussions and span a broad timeframe. But for all its variety this volume is built around two axes: on the one hand attention is focussed on the history of music and literature in Ireland and the British Isles and on the other topics of the German and Austrian musical past. In both cases it reflects the particular interest of a scholar whose playful sometimes unconventional way of approaching his subject is so refreshing and time and again leads to innovative surprising insights. It also reflects a scholar who for all the broadening of his perspectives that has taken place over the years has always adhered to the strands of his scholarly preoccupations that have become dear to him: the music of the Austro-Italian Baroque and Irish musical culture first and foremost. An international cast of authors announces the sustaining influence of Harry White's wide ranging research.
