

INVOCATION AND MEMORIAL PRAYER SUGGESTION  
FOR  
DIVISION "CHANGE OF WATCH"

God and Father of us all, we ask Thy blessing to be upon this Change of Watch and Division Board Meeting. We pray that Thy Holy Spirit will be upon us and guide us that all plans and decision which are made will be in accordance with Thy will and pleasure for us and for the United States Coast Guard Auxiliary which we represent and in which we proudly serve.

We would pray Thee to watch over the men and women of the United States Coast Guard as they perform their missions of vigilant service, for the Holy Scriptures remind us:

"They that go down to the sea in ships,  
that do business in the great waters;  
These see the works of the Lord,  
and his wonders in the deep ....  
He maketh the storm a calm,  
so that the waves thereof are still.  
Then are they glad because they be quiet;  
so he bringeth them unto their desired haven".  
Psalm 107: 23-24; 29-30

We would remember before Thy throne of grace, those of our shipmates within the Auxiliary, who have passed on during this year to be with Thee, their God, the Supreme Admiral of the Universe.

In a moment of silence, let us reverently remember together

O Almighty God and most merciful Father, as we remember these Thy servants, recalling their friendship, their courage, and their strength, we would hold before Thee in love, those who especially mourn their passing, those who were closest to them, families and loved ones. As this day brings memories of those whom they have lost, may it also bring Thy consolation and the assurance that their loved ones are forever in Thy loving presence for Thou hast brought them unto their desired haven, through our Lord, we pray. Amen.

**Religion on the Edge** Courtney Bender,2013 The thirteen essays in this volume offer a challenge to conventional scholarly approaches to the sociology of religion They urge readers to look beyond congregational settings beyond the United States and to religions other than Christianity and encourage critical engagement with religion s complex social consequences By expanding conceptual categories the essays reveal how aspects of the religious have always been part of allegedly non religious spaces and show how by attending to these intellectual blindspots we can understand aspects of identity modernity and institutional life that have long been obscured Religion on the Edge addresses a number of critical questions What is revealed about the self pluralism or modernity when we look outside the U S or outside Christian settings What do we learn about how and where the religious is actually at work and what its role is when we unpack the assumptions about it embedded in the categories we use Religion on the Edge offers groundbreaking new methodologies and models bringing to light conceptual lacunae re centering what is unsettled by their use and inviting a significant reordering of long accepted political and economic hierarchies The book shows how social scientists across the disciplines can engage with the sociology of religion By challenging many of its long standing empirical and analytic tendencies the contributors to this volume show how their work informs and is informed by debates in other fields and the analytical purchase gained by bringing these many conversations together Religion on the Edge will be a crucial resource for any scholar seeking to understand our post modern post secular world

*The Bioarchaeology of Structural Violence* Lori A. Tremblay, Sarah Reedy, 2020-08-27 This volume is a resource for bioarchaeologists interested in using a structural violence framework to better understand and contextualize the lived experiences of past populations One of the most important elements of bioarchaeological research is the study of health disparities in past populations This book offers an analysis of such work but with the benefit of an overarching theoretical framework It examines the theoretical framework used by scholars in cultural and medical anthropology to explore how social political and or socioeconomic structures and institutions create inequalities resulting in health disparities for the most vulnerable or marginalized segments of contemporary populations It then takes this framework and shows how it can allow researchers in bioarchaeology to interpret such socio cultural factors through analyzing human skeletal remains of past populations The book discusses the framework and its applications based on two main themes the structural violence of gender inequality and the structural violence of social and socioeconomic inequalities
