

PERSONAL STATEMENT FOR DENTAL SCHOOL

Affording a smile is not something that can be taken for granted. I realized the importance of this statement in my formative years when my mother decided to take me to a dentist for reconstructive surgery. At first, I resisted the idea, but the need to look beautiful and laugh like any other teenager compelled me to accept it. Nonetheless, I feared the entire procedure because I knew it involved a lot of pain. However, the moment I entered the dentist's room approached me like there was nothing much to experience. When a dentist came, I was scared, but when I entered, he cracked jokes before he started operating on me and assured me that everything would be okay. Much to my surprise, the entire process ended successfully, and I questioned what I feared. Also, I was thrilled that every person who visited the dentist after me left the room smiling, contrary to popular belief. Since then, I have developed an ardent zeal to help people and restore smiles on their faces.

With a background in nursing, I feel that I have amassed a plethora of experience in dealing with patients from diverse environments. During my regular rounds, I had an opportunity to learn from experienced doctors how to manage chronic diseases. However, my interest in dentistry was stifled because I liked working with my hands. Dentistry is like art because it allows people to use their hands and make logical decisions before extracting teeth. From my previous experience, I have learned that interacting with patients and treating what you can see is more fulfilling than selecting treatment options using recorded information.

Choosing your school was a decision that I made after a long consultation with friends and searching on the Internet. It is important for me because it offers world-class training facilities that will help me to become an accomplished dentist. Also, this program will equip me with the requisite skills for diagnosing and treating dental problems. Looking to the future, I aim to own a private dental clinic. I hope your school will help me gain the necessary knowledge and benefit society by providing quality services. I envision myself handling patients the way the doctor operated on me.
