Encyclopedia of Christianity in the Global South Mark A. Lamport,2018-06-01 Christianity has transformed many times in its 2 000 year history from its roots in the Middle East to its presence around the world today From the mid twentieth century onward the presence of Christianity has increased dramatically in Asia Africa and Latin America and the majority of the world s Christians are now nonwhite and non Western The Encyclopedia of Christianity in the Global South traces both the historical evolution and contemporary themes in Christianity in more than 150 countries and regions The volumes include maps images and a detailed timeline of key events The phrases Global Christianity and World Christianity are inadequate to convey the complexity of the countries and regions involved this encyclopedia with its more than 500 entries aims to offer rich perspectives on the varieties of Christianity where it is growing how the spread of Christianity shapes the faith in various regions and how the faith is changing worldwide **Oceans** Joel Houston,Matt Crocker,Salomon Ligthelm,2017-03-28 Oceans Coloring Book will feature one of the most popular worship songs in recent history Hillsong s Oceans which is still on Billboard s list of Hot Christian Music after 130 weeks Combined with the popularity of adult coloring books this is sure to bring hours of enjoyment and reflection for readers *Blue Planet, Blue God* Meric Srokosz,Rebecca S. Watson,2017-11-30 The ocean dominates the surface of the earth and is in the pages of the Bible too The Bible offers a view of the sea and the life it supports which affirms its intrinsic value to God as a good and indeed essential part of creation At

the same time it also speaks perceptively of the sea's vulnerability to damage and change. The Bible's focus on the sea raises questions about economics and the interconnectedness of communities whilst further references to the sea raise questions about our human centredness and spirituality and about our fear of chaos and disaster. In a unique collaborative project the oceanographer Meric Srokosz and the biblical scholar Rebecca Watson not only offer environmental insights on the sea but also connect the ocean with other key issues of broader concern: spirituality, economics, chaos and our place in the world. Each chapter concludes with ideas for discussion and reflection and for suggested actions in the light of the issues raised. The book will present a fresh new lens through which to view the Bible and as such inform biblical scholars, students and preachers alike.

Surviving the Troubled Waters-Scriptures for Meditation (King James Version) Runae L Gary, 2005-10 **God Made the Ocean** Heno Head, Jr., 2000-01-01. The incredible life that fills the ocean. Emphasizes God's provision and care for us.
