Turkish-American Relations in the 21st Century Ozan Örmeci, Herbert R. Reginbogin, 2024-12-15 Turkish American relations have been considered a model partnership between a

great and middle power during the Cold War due to the positive nature of relations being advantageous to both sides While the United States took advantage of Turkey's geopolitical position and military strength against the USSR Turkey benefited from American economic power and military technology However with the end of the Cold War and the emergence of new regional and global developments a stable framework to clarify and shape Turkish American relations has not yet been crafted Additionally crises such as the non approval of the 1 March memorandum in 2003 to support the American war effort in Iraq and the 15 July 2016 coup attempt in Turkey further distanced these two historical allies To discuss these issues frankly and to provide some suggestions to improve the two countries relations in many different regions fields including Syria Iraq the Eastern Mediterranean the Caucasus the defense industry the energy sector and much more Turkish American Relations in the 21st Century aims to bring important experts on Turkish foreign policy and Turkish American relations together

The Pursuing God Joshua Ryan Butler, 2016-05-03 Is God lost Many of us feel that way It's as if God's gone missing out in the universe somewhere and we must pick up the hunt following any trail of breadcrumbs he may have left to go out and find him We speak of searching for God exploring spirituality and finding faith But what if we have it backward What if God is the one pursuing us What if our job is not to go out and find God but simply to stop running and hiding Not to earn God's love but to receive it Not to turn on the light but to step out of the shadows Jesus reveals a God on the prowl pursuing us hunting down his world for reconciliation And the question we're left with is not whether we've pursued hard enough searched long enough or jumped high enough The question is Do we want to be found

The New Nuclear Age Ankit Panda, 2025-01-31 The world is entering a new nuclear age Nuclear weapons are returning to the fore of international statecraft in ways unseen since the Cold War With major powers like Russia issuing threats of nuclear strikes China and North Korea continuing to grow their arsenals and new prospects for proliferation from the Middle East to East Asia the world has been thrust into a new era of heightened nuclear risk In this incisive book international security expert Ankit Panda explores the enduring and emerging factors that are contributing to this new nuclear age From strained great power ties to complex multipolar dynamics and the precipitous decline of arms control he shows how our coexistence with the bomb is becoming more complicated and perilous The prospect of nuclear escalation is again shaping how political decision makers and military establishments around the world think and act But unlike the peril of the Cold War a greater number of nuclear players and a plethora of new technologies including AI and exotic new weapons make the search for stability far from straightforward Managing the risks of a nuclear confrontation he argues will require new urgency and thinking to pull us back from the precipice of global catastrophe

Sorial,Damian Bates,2019-06-11 Remember when Trump was a great boss a great father and a great businessman before the liberal media rewrote that narrative That s still the real Trump Longtime Trump Organization executive and attorney George A Sorial saw the real Trump firsthand from the early days of The Apprentice to the passing of power to the younger generation before the inauguration He learned from his boss how to use chaos the media and a single minded focus to achieve things everyone else said were impossible He learned how to predict what the world s least predictable leader would do next In The Real Deal George A Sorial and Damian Bates a former newspaper editor who has covered Trump for years explain the forty fifth president s business and political strategies in detail Often what looks complicated is just a man giving the people what he wants For instance why would Trump run for president when winning would be a financial disaster for him He was forced to set aside his TV contracts and international expansion costing him hundreds of millions of dollars The answer is because everyone he talked to wanted him to run to make America great again In this book we see a man barely recognizable from the media s depiction We see the deliberate and cunning reasons he scolds people gets impatient with complicated briefings hires neophytes and starts fights in the media We also see a boss who was hard working fun well read generous with opportunities and endlessly interested in outside opinions The mainstream media has tried to undermine the president at every turn by spreading lies about his management abilities his negotiation style and his business success Now in The Real Deal George A Sorial and Damian Bates explain how Trump s unusual style worked so well for decades and how it s working better in the White House than anyone realizes Research Handbook on Global Administrative Law Sabino Cassese,2016-02-27 This Handbook explores the main themes and topics of the emerging field of Global Administrative Law

with contributions by leading scholars and experts from universities and organizations around the world The variety of the subjects addressed and the internationality of the Handbook s perspectives make for a truly global and multi dimensional view of the field The book first examines the growth of global administrations their interactions within global networks the emergence of a global administrative process and the development of the rule of law and democratic principles at a global level It goes on to illustrate the relationship between global law and other legal orders with particular attention to regional systems and national orders The final section devoted to the emergence of a global legal culture brings the book full circle by identifying the growth of a global epistemic community The Research Handbook on Global Administrative Law provides a contemporary overview of the nascent field in detailed yet accessible terms making it a valuable book for university courses Academics and scholars with an interest in international law administrative law public law and comparative law will find value in this book as well as legal professionals involved with international and supranational organizations and national civil servants dealing with supranational organizations

A Blue New Deal Chris Armstrong, 2022-02-22 An urgent account of the state of our oceans today and what we must do to protect them The ocean sustains life on our planet from absorbing carbon to regulating temperatures and as we exhaust the resources to be found on land it is becoming central to the global market But today we are facing two urgent challenges at sea massive environmental destruction and spiraling inequality in the ocean economy Chris Armstrong reveals how existing governing institutions are failing to respond to the most pressing problems of our time arguing that we must do better Armstrong examines these crises from the fate of people whose lands will be submerged by sea level rise to the exploitation of people working in fishing to the rights of marine animals and makes the case for a powerful World Ocean Authority capable of tackling them A Blue New Deal presents a radical manifesto for putting equality democracy and sustainability at the heart of ocean politics
