Myrick Howard,2023-10-03 What does it take to save endangered historic properties This practical guide builds on decades of historic preservation experience to provide readers with legal financial political and technical tools and strategies to be more effective preservationists Myrick Howard makes clear that large sums of money are not necessarily needed to save endangered historic properties but knowledge and passion are essential This book shows how preservation minded neighbors and organizations can succeed with only modest resources and rather than clash with developers can become developers themselves for community benefit Howard draws on case studies from forty five years of successful work leading Preservation North Carolina with lessons that are applicable coast to coast This richly illustrated fully revised and redesigned second edition includes detailed projects to renovate vacant houses in working class neighborhoods reflections on addressing racial equity through preservation an expanded section on using preservation easements and summaries of revolving fund programs around the country *Buying Time for Heritage* is an indispensable resource for those looking to save the special places of our collective past **By**

Design 2 ,1989 **CRM** ,2010 Sweet Cakes, Long Journey Marie Rose Wong,2011-07-01 Around the turn of the twentieth century and for decades thereafter Oregon had the second largest Chinese population in the United States In terms of geographical coverage Portland s two Chinatowns one an urban area of brick commercial structures one a vegetable gardening community of shanty dwellings were the largest in all of North America Marie Rose Wong chronicles the history of Portland s Chinatowns from their early beginnings in the 1850s until the repeal of the Chinese Exclusion Act in the 1940s

drawing on exhaustive primary material from the National Archives including more than six thousand individual immigration files census manuscripts letters and newspaper accounts She examines both the enforcement of Exclusion Laws in the United States and the means by which Chinese immigrants gained illegal entry into the country The spatial and ethnic makeup of the combined Old Chinatown afforded much more contact and accommodation between Chinese and non Chinese people than is usually assumed to have occurred in Portland and than actually may have occurred elsewhere Sweet Cakes Long Journey explores the contributions that Oregon s leaders and laws had on the development of Chinese American community life and the role that the early Chinese immigrants played in determining their own community destiny and the development of their Chinatown in its urban form and vernacular architectural expression Sweet Cakes Long Journey is an original and notable addition to the history of Portland and to the field of Asian American studies

Green Restorations Aaron Lubeck,2010-01-01 Some 40 percent of North Americans live in homes built prior to 1940 and when it comes time to remodel or restore our older homes

homeowners and contractors can find themselves lost in a morass of wildly divergent information and opinion. With *Green Restorations*, author Aaron Lubeck brings his expertise as a restoration contractor and preservation consultant to this first of its kind guide, leading the reader through the steps for restoring historic building using sustainable practices and green building techniques. In a readily accessible room-by-room and system-by-system format, *Green Restorations* covers rehabilitation and remodeling questions applicable to old homes, focusing on the core techniques and debates often seen in practice. Here you'll find the answers to restoration questions such as: Is sealing my old crawl space a good idea? Should I replace or rehabilitate my windows? Are there historic aspects of my home I need to preserve, and what can I change? What are the cultural, environmental, and financial implications of my proposed changes? Do residential historic tax credits apply to my home, and how can I access them? Written in such a way as to be accessible for homeowners but technical enough for contractors, this book will appeal to anyone trying to green an older home while preserving its historic and cultural significance.
