Ellis, 2014-05-23 As Americans we cherish the freedom to associate However with the freedom to associate comes the right to exclude those who do not share our values and goals What happens when the freedom of association collides with the equally cherished principle that every individual should be free from invidious discrimination This is precisely the question posed in Boy Scouts of America v James Dale a lawsuit that made its way through the courts over the course of a decade culminating in 2000 with a landmark ruling by the U S Supreme Court In Judging the Boy Scouts of America Richard J Ellis tells the fascinating story of the Dale case placing it in the context of legal principles and precedents Scouts policies gay rights and the culture wars in American politics The story begins with James Dale a nineteen year old Eagle Scout and assistant scoutmaster in New Jersey who came out as a gay man in the summer of 1990 The Boy Scouts citing their policy that denied membership to avowed homosexuals promptly terminated Dale s membership Homosexuality the Boy Scout leadership insisted violated the Scouts pledge to be morally straight With the aid of the Lambda Legal Defense Fund Dale sued for discrimination Ellis tracks the case from its initial filing in New Jersey through the final decision of the U S Supreme Court in favor of the Scouts In addition to examining the legal issues at stake including the effect of the Supreme Court s ruling on the law of free association Ellis also describes Dale s personal journey and its intersection with an evolving gay rights movement Throughout he seeks to understand the puzzle of why the Boy Scouts would adopt and adhere to a policy that jeopardized the organization s iconic place in American culture and finally explores how legal challenges and cultural changes contributed to the Scouts historic policy reversal in May 2013 that ended the organization s ban on gay youth though not gay adults
