*Social and Emotional Prevention and Intervention Programming for Preschoolers* Susanne A. Denham, Rosemary Burton, 2012-12-06

Social and Emotional Prevention and Intervention Programming for Preschoolers rests on the idea that young children under optimal circumstances develop substantial abilities in social and emotional domains by the time they enter school. These abilities contribute to their success and well being during these early years but even more importantly to both their successful adaptation to school personal and academic and their long term mental health. The chapters of this volume present theoretical foundations for and explanations of what important adults in young children's lives preschool teachers daycare providers parents can do to encourage the development of such social emotional abilities including promoting secure attachment relationships providing positive behavior guidance and assisting children in developing emotion knowledge emotion regulation social problem solving skills and other positive social behaviors. In addition the book reviews the current state of early childhood programming in each of these crucial areas with the addition of a chapter on emergent parent programming on emotion coaching. Recommendations are made for making such programming work for assessing individual children's development and program efficacy and necessary future directions for this area are detailed.

*Designing Preschool Interventions* David W. Barnett, Susan H. Bell, Karen T. Carey, 2002-08-01 This practical text delineates the basic steps of developing effective interventions for learning and behavior difficulties in children aged two to five. The authors set forth an ecological framework that stresses identifying problem situations rather than classifying individual children as disabled or at risk. The core components of naturalistic intervention design are covered in depth including teacher and parent interviewing classroom observation and functional assessment team based problem solving strong accountability methods and legal and ethical safeguards. Solidly grounded in empirical research the book presents examples of successful interventions for fostering social competence and language skills and improving interactions with parents teachers and peers.
