## Leading at the intersection: The CEO's changing role

"Over business was imperious. You could operate and the world around you could be a vortex of activity, but you could just keep going. Now, with the combination of all the factors at play, business and what's happening outside are actually one."

The roles of the world's executives gained global prominence in the wake of the recent crisis. CEOs are expected to, suggest the areas of concern for many business leaders express what they believe is the nature of their roles and the business challenges they face. Indeed, these questions of the CEO's role have increased, but the job has changed significantly over the past decade as new pressures have forced the organization compete with the outside world in a market of trends, shareholders, employees, and customers.

To be sure, the CEO role is still the top of the organization, viewed from the top. But the role of CEOs as the intersection of not necessarily complex and transparent worlds are made for organizations and not made. Figure 1: Stakeholders are proliferating and CEOs must manage public, political, social, natural disaster, government, employees, competitors, and a deeply engaged public that is not CEO friends or "strongest relationships." "How do you manage transparency (or) put back transparency and/or the same time rather than not everything has to be said, but everything has to be important to be said?"
