Developing Early Comprehension Skills Through Picture Book Talk Donna Thomson, 2023-12-13 Developing Early Comprehension Skills Through Picture Book Talk demonstrates how strategic picture reading and playful sensory learning can develop young children's explicit and implicit comprehension skills regardless of their decoding ability. Offering an inclusive teaching and assessment approach that aligns with the Early Years Foundation Stage (EYFS) framework and supports the early adopter school initiative, it will help readers to guide children's use of picture reading for meaning strategies in preparation for more complex comprehension instruction in Year 1. The book also contains useful resources such as colour picture booklets and downloadable family workshop sessions to help guide parents in more effective picture book talk at home. It offers corresponding steps for planning teaching and assessing children's picture book talk, multisensory learning, self-questioning skills, and early reading for meaning. The methods and activities within this book specifically help to develop vocabulary, setting vocabulary, character vocabulary, general vocabulary, communication and language skills, critical thinking and inference skills, metacognition, personal learning awareness, self-confidence, and self-regulation skills. Providing examples of practice, photocopiable resources, and step-by-step guidance for teaching key comprehension strategies and early self-regulation skills, this book is essential reading for all those who work with young children and wish to encourage a love of reading.

Teaching Across the Early Years 3-7 Hilary Cooper, Chris Sixsmith, 2004-11-23 This practical and accessible book explores ways of developing continuity and coherence in children's learning from three to seven years old. It is based around three case studies in which tutors on Initial Teacher Training courses worked with early years practitioners in three different pre-school settings, each linked to a primary school. The book describes how they successfully managed to plan and teach integrated themes across the age range in the context of the requirements of the Foundation Stage and the National Curriculum. Each case study has a different focus: science, design and technology, the arts, including an ICT strand, the humanities, including a physical education strand, English, and mathematics. Dimensions run through each theme. The book is alive with discussion of children's art, language, drama, and music, captured as field notes, writing, drawing, and as video tape. Each chapter concludes with suggestions of ways in which readers can develop the ideas in their own contexts. This book will be invaluable reading for students on Early Years courses, Early Years practitioners and tutors, and mentors in early childhood education.
