**Tears of the Young** Lawrence Marr, 2007-07-31 Paul Bannerman is offered a job removing roadside crosses for a small local council in Australia. On the surface it appears straight forward and offers plenty of time off for sport and surfing. He falls in love with secretary Sally working for the same council and together they discover that mysterious happenings are taking place in the area where he has to operate. Other council employees become involved in secret meetings discovered by Paul as he goes about his daily business. Building to a crescendo in a cemetery where devil worship and reincarnation appear prevalent, the degrees of tension build to shocking proportions and a surprise ending. *The Supernatural Revamped* Barbara Brodman, James E. Doan, 2016-04-20 This book is the logical continuation of a series of collected essays examining the origins and evolution of myths and legends of the supernatural in Western and non-Western tradition and popular culture. The first two volumes of the series *The Universal Vampire* Origins and Evolution of a Legend Fairleigh Dickinson University Press 2013 and *Images of the Modern Vampire* The Hip and the Atavistic Fairleigh Dickinson University Press 2013 focused on the vampire legend. The essays in this collection expand that scope to include a multicultural and multigeneric discussion of a pantheon of supernatural creatures who interact and cross species-specific boundaries with ease. Angels and demons are discussed from the perspective of supernatural allegory; angelic ethics and supernatural heredity and genetics. Fairies, sorcerers, witches, and werewolves are viewed from the perspectives of popular nightmare tales, depictions of race and ethnicity, popular public discourse, and cinematic imagery. Discussions of the undead and still dead include images of death messengers and draugar, zombies, and vampires in literature, popular media, and Japanese anime. *Haunted Highways* Tom Ogden, 2022-07-15 For most of us, most of the time, the roads we travel are largely forgotten once we get to where we're going. By day, they usually reveal a familiar, real, living world. But then darkness comes. *Haunted Highways* brings together more than twenty of the spookiest stories ever of ghosts, hauntings, and supernatural events on or near America's highways and byways. There are the usual suspects: the creepy hitchhiker, the eerie lights along a lonely stretch of road, as well as many you never dared to imagine. Each of the book's more than twenty-five chapters ratchets up the suspense from an introduction that sets the scene and draws you in to a haunting climax. Whether the actor Telly Savalas's haunting encounter with a long-dead good Samaritan on a rural Long Island road or the Ghost Riders in the Sky who appear over the plains of Texas, these stories will bring delightful fright to readers young and old. *American Horror Story and Philosophy* Richard Greene, Rachel Robison-Greene, 2017-12-12 In *American Horror Story and Philosophy*, philosophers with varying backgrounds and interests explore different aspects of this popular erotic thriller TV show with its enthusiastic cult following and strong critical approval. The result is a collection of intriguing and provocative thoughts on deeper questions prompted by the creepy side of the human imagination. As an anthology show, *American Horror Story* has a unique structure in the horror genre because it explores distinct subgenres of horror in each season. As a result, each season raises its own set of philosophical

issues The show's first season *Murder House* is a traditional haunted house story Philosophical topics expounded here include the moral issues pertaining to featuring a mass murderer as one of the season's main protagonists the problem of other minds when I see an old hag how can I know that you don't see a sexy maid And whether it is rationally justified to fear the Piggy Man Season Two *Asylum* takes place inside a mid twentieth century mental hospital Among other classic horror subgenres this season includes story lines featuring demonic possession and space aliens Chapters inspired by this season include such topics as the ethics of investigative reporting and whistleblowing personal identity and demonic possession philosophical problems arising from eugenics and the ethics and efficacy of torture Season Three *Coven* focuses on witchcraft in the contemporary world Chapters motivated by this season include sisterhood and feminism as starkly demonstrated in a coven the metaphysics of traditional voodoo zombies in contrast to the currently fashionable infected zombies the uses of violent revenge and the metaphysics of reanimation Season Four *Freak Show* takes place in a circus Philosophical writers look at life under the Big Top as an example of life imitating art several puzzles about personal identity and identity politics crystallized in the two headed girl the bearded lady and the lobster boy the ethical question of honor and virtue among thieves as well as several topics in social and political philosophy Season Five *Hotel* is among other disturbing material about vampires Chapters inspired by this season include the ethics of creating vampire progeny LGBT related philosophical issues and existentialism as it applies to serial killers Season Six *Roanoke* often considered the most creative of the seasons so far partly because of its employment of the style of documentaries with dramatic re enactments and its mimicry of *The Blair Witch Project* and *Paranormal Activity* Among the philosophical themes explored here are what happens to moral obligations under the Blood Moon the proper role of truth in storytelling and the defensibility of cultural imperialism
