The Resettlement of Sex Offenders after Custody David

Thompson, Terry Thomas, 2017-07-14 Circles of Support and Accountability is a voluntary initiative that assists people with convictions for sexual offences to resettlement in the community. People leaving prison with such convictions often have difficulties in resettling. They carry the burden of the conviction itself which may be both stigmatising and isolating and they are the subject of sex offender register requirements, parole and other supervisory conditions. Circles of Support and Accountability in the UK started over ten years ago and have slowly spread across the country. They work closely with the police and probation services but rely entirely on volunteers prepared to give up their time to work with people often otherwise shunned by communities. Circles offer support to the person concerned but also hold them accountable for their future behaviour. They aim to ensure there are no more victims. This book is based on original research and provides a close up picture of how these Circles of Support and Accountability work in practice. It brings together for the first time the voices of all the participants from the offenders and the volunteers through to the Coordinators who link the volunteers to the professionals in the form of the police and probation services. The research was commissioned by Circles UK and funded by the Wates Foundation and the University of Leeds School of Law. Remaking Relapse Prevention with Sex Offenders D.

Richard Laws, Stephen M. Hudson, Tony Ward, 2000-04-19 It is estimated that relapse prevention methods are employed in more than 90% of all North American sex offender treatment programs of which there are more than 2 000. Comparable statistics are true in most industrialized countries around the world. Over the last decade a great deal has been learned about the treatment of sexual offenders and particularly about relapse prevention. This sourcebook provides clinicians with the most current practical useable information about working with sex offenders to prevent relapse. It reflects the advances and insights of the past decade since the publication of *Relapse Prevention with Sex Offenders* focusing on the major reconceptualizations, revisions and innovations that will chart treatment programs for the first decade of the new millennium.

Sex Crimes and Sex Offenders Donna Vandiver, Jeremy Braithwaite, 2016-12-08 *Sex Crimes and Sex Offenders: Research and Realities* provides an overview of social scientific theory and research on sex crimes and sex offenders. Most other books on the market are focused on a single issue such as treatment, rape, pedophilia, theory etc. This book is unique in that it covers the most current theory and research along with individual cases of sex crimes e.g. Kobe Bryant, Jerry Sandusky and other case studies effectively linking theory and research with the realities of sex crimes and sex offenders as well as their victims. Vandiver, Braithwaite and Stafford are careful to dispel myths and to focus on the heterogeneity of sex crimes and sex offenders and not on any one issue or population or theory. Instead they weave a framework using a full range of theoretical concepts and research data to integrate their discussions of crimes, offenders, victims, treatments and policy implications. The result is a valuable resource for students and early stage researchers investigating sex crimes or offenders. Sex Offenders Fabian M. Saleh M.D., Albert J. Grudzinskas, John M.
