In Philippines, Impoverishment Is a Legacy of U.S. Colonialism

By MICHAEL O. GOODMAN
 MANILA, Philippines — Impoverishment is a legacy of U.S. colonialism in the Philippines, a legacy that has shaped the country's economic and social landscape. The United States, which ruled the Philippines from 1898 to 1946, left behind a legacy of poverty and inequality that has persisted for decades. The country's economy is heavily dependent on the United States, and the U.S. has been a major source of aid and investment. However, the U.S. has also been a major source of military intervention, and the Philippines has been a major ally of the U.S. in the Cold War. The legacy of U.S. colonialism is still visible in the Philippines today, in the form of poverty, inequality, and dependence on the United States.
