

## Music Appreciation Paper

Every musical needs two things script and music, the musical that I saw at the civic center "A Funny Thing Happened on the way to the Forum." It is witty characters and humorous songs made it a delight to see and you left with a smile. The music was the best out of the whole play. The orchestra was small having a piano, two violins, bass guitar, reed one and two, trumpet one and two, trombone, and percussion each instrument being a big part of production. The play starts with a song "comedy to night" giving a background in the streets of ancient Rome of three houses.

The center of the house Senex who lives there with his wife Domina, son Hero, and the many slaves them owned. Hero has his own slave Pseudolus who is the main character and head slave Hysteria. One of the other neighbors is owned my Marcus Lycus, the house is a whorehouse. The other neighbor is Erronius who has been gone for many years trying to find his children who were abducted my pirates. Thing singer who plays Pseudolus tone was raspy, pitch high, two beats, and tempo allegro the music flowed well and pulling the audience in quickly with it being very humorous.

I thought the texture was monophonic being only one person singing the song and form being AB. The song ends giving a summary of the whole play, and it goes on to the next song. Hero the son of Senex has fallen in love with a girl who he has never spoken too. He starts to sing "love, I hear" his tone was rich, pitch was high, dynamic was mezzo forte, the tempo of the song was allegro it was a lovely song that expressed his love for a girl he has never spoken to. The song had two beats with the texture of the music monophonic because it was only one person singing it. After he ends he tells his slave Pseudolus if you get me that girl.

I will let you be free and Pseudolus is so shocked that he cannot believe it and starts to sing "free" his texture is very raspy, with tempo vivace, and dynamics Mezzo Piano. The pitch is high and form verse course and recitative singing like speech. This song was very funny and a great laugh. The play goes on to Pseudolus and Hero trying to think of plan so they go to Lycus house to find the girl to buy her from Lycus. When the song "the house of Marcus Lycus" starts to play, this song is made more dancing then singing the pitch is low, form was verse then instrumental, the tempo moderato, and dynamic mezzo forte.

This song has a lot of bras and saxophone. The next song "lovely" where tone color of Hero is dark and Philia is bright, the pitch is high, the dynamics is forte, tempo of the music was andante, and with each the song being four beats. Pseudolus tries to keep them together; however, one problem Philia is to be married to the Caption a general for Rome. They Pseddolus, Philia, and hero start singing about what their life could be called "pretty little picture" it is high pitch, a funny song with the dynamic being forte.

Webster, 2011-11-23 Summarizes the latest research on music learning focusing on the profession's empirical conceptual knowledge of how students gain competence in music at various ages in different contexts      *Advances in Social-Psychology and Music Education Research* Patrice Madura Ward-Steinman, 2016-03-23 This Festschrift honors the career of Charles P. Schmidt on the occasion of his retirement from the Indiana University Jacobs School of Music. His main research focus has been the social psychology of music education including the subtopics of motivation in music learning, applied music teaching behaviors and personality and cognitive styles in music teaching and learning. The chapters in this volume recognize the influence of Schmidt as a researcher, a research reviewer, and a research mentor and contribute to the advancement of the social psychological model and to research standards in music education. These themes are developed by a stunning cast of music education scholars including Hal Abeles, Don Coffman, Mary Cohen, Robert Duke, Patricia Flowers, Donna Fox, Victor Fung, Joyce Gromko, Jere Humphreys, Estelle Jorgensen, Anthony Kemp, Barbara Lewis, Clifford Madsen, Lissa May, Peter Miksza, Rudolf Radocy, Joanne Rutkowski, Wendy Sims, Keith Thompson, Kevin Watson, and Stephen Zdzinski. Their writings are presented in three sections: Social Psychological Advances in Music Education, Social Environments for Music Education, and Advancing Effective Research in Music Education. This collection, edited by Patrice Madura Ward-Steinman, will prove invaluable for students and faculty in search of important research questions and models of research excellence      **Research in Education**, 1974      *Journal of Historical Research in Music Education*, 2004      **The Music History Classroom** James A. Davis, 2016-02-17 The Music History Classroom brings together essays written by recognized and experienced teachers to assist in the design, implementation, and revision of college-level music history courses. This includes the traditional music history survey for music majors, but the materials presented here are applicable to other music history courses for music majors and general education students alike, including period classes, composer or repertory courses, and special topics classes and seminars. The authors bring current thought on the scholarship of teaching and learning together with practical experience into the unique environment of the music history classroom. While many of the issues confronting teachers in other disciplines are pertinent to music history classes, this collection addresses the unique nature of musical materials and the challenges involved in negotiating between historical information, complex technical musical issues, and the aesthetics of performing and listening. This single volume provides a systematic outline of practical teaching advice on all facets of music history pedagogy, including course design, classroom technology, listening, and writing assignments, and more.
