Training is the secret to success, and well-trained employees can make a big difference on your bottom line. This book will help your employees become very skilled professionals. It will make housecleaning something they can actually be proud of. The principles presented here are identical to those in Campbell's Speed Cleaning book written for home owners, but the emphasis is on maintaining homes and improving productivity using a perfect system. This system insures consistent results. PMC has been practiced by professional cleaners for over 30 years and has been perfected over time.
