Policy Papers U.S. Senate Republican Policy Committee,2003 Same-Sex Marriage and Children Carlos A. Ball,2014-05-27 Same Sex Marriage and Children is the first book to bring together historical social science and legal considerations to comprehensively respond to the objections to same sex marriage that are based on the need to promote so called responsible procreation and child welfare 2024-25 SSC JE CBT I & II Civil Engineering Solved Papers YCT Expert Team , 2024 25 SSC JE CBT I II Civil Engineering Solved Papers 1048 1495 E This book contains 69 online sets previous solved papers with analytical explanation 2023-24 SSC Civil Engineering Solved Papers YCT Expert Team , 2023 24 SSC Civil Engineering Solved Papers Strange Bedfellows Alison Lefkowitz,2018-03-21 The impact of law and politics on efforts to redefine family and marriage without relying on traditional gender norms In the inaugural issue of Ms Magazine the feminist activist Judy Syfers proclaimed that she would like a wife offering a wry critique of the state of marriage in modern America After all she observed a wife could provide Syfers with free childcare and housecleaning services as well as wages from a job Outside the pages of Ms divorced men s rights activist Charles Metz opened his own manifesto on marriage reform with a triumphant recognition that noise is swelling from hundreds of thousands of divorced male victims In the 1960s and 70s a broad array of Americans identified marriage as a problem and according to Alison Lefkowitz the subsequent changes to marriage law at the state and federal levels constituted a social and legal revolution The law had long imposed breadwinner and homemaker roles on husbands and wives respectively In the 1960s state legislatures heeded the calls of divorced men and feminist activists but their reforms such as no fault divorce generally benefitted husbands more than wives Meanwhile radical feminists welfare rights activists gay liberationists and immigrant spouses fought for a much broader agenda such as the extension of gender neutral financial obligations to all families or the separation of benefits from family relationships entirely But a host of conservatives stymied this broader revolution Therefore even the modest victories that feminists won eluded less prosperous Americans marriage rights were available to those who could afford them Examining the effects of law and politics on the intimate space of the home Strange Bedfellows recounts how the marriage revolution at once instituted formal legal equality while also creating new forms of political and economic inequality that historians like most Americans have yet to fully understand Legal Recognition of Same-Sex Partnerships Robert Wintemute,Mads Andenas,2001-10-23 Should same sex couples be permitted to marry Or should a separate institution of registered partnership or civil union be created for them Or should the rights and duties of unmarried different sex couples be extended to them Should they be allowed to adopt each other s children or jointly adopt an unrelated child How should they be treated with regard to employment social security pensions housing immigration taxation inheritance and divorce These questions are being debated around the world as lesbian gay bisexual and transgendered persons increasingly but not uniformly insist that they cannot be truly equal without equal treatment for the loving and lasting relationships they form with their partners

In *Legal Recognition of Same Sex Partnerships* an international team of scholars examines both theoretical issues and the wide variety of legal developments in the United States Canada Brazil thirteen European countries Israel South Africa India Japan China Australia and New Zealand as well as under European Community and European Convention law and United Nations human rights law
