Intellectual Property Rights in a Fair World Trade System Annette Kur, 2011-01-01 Intellectual Property law IP particularly in relation to international trade regimes is increasingly finding itself challenged by rapid developments in the technological and global economic landscapes In its attempt to maintain a responsive legislative system that is interacting successfully with global trade rules IP is having to respond to an increasing number of actors on an international level This book examines the problems associated with this undertaking as well as suggesting possible revisions to the TRIPS agreement that would make it more relevant to the environment in which today's IP mechanisms are operating The overall aim is to find an adequate response to the IP balance dilemma The theme is pursued throughout various topics including a look at what this means in relation to economy in a country like China and also

considering how IP is increasingly having to reconcile itself with human rights issues Inside Indian Schools Vimala Ramachandran, 2018-03-05 After 70 years after independence the tragic reality of Indian schools is that who we are where we live how much we earn and our gender influences the kind of education we will get In this collection of essays the author explores the contours of a school system that is facing a crisis of legitimacy While India aspires to march towards a knowledge driven society and economy millions of young people are left behind Those who can afford march out of government schools only to realize that the private schools are no better The schools they attend leaves them with little knowledge or skill a very low self esteem and a bleak future This book argues that the struggle for equality in education is ultimately a struggle for quality both being two sides of the same coin Please note Taylor Francis does not sell or distribute the Hardback in India Pakistan Nepal Bhutan Bangladesh and Sri Lanka *Global Encyclopedia of Public Administration, Public Policy, and Governance* Ali Farazmand, 2023-04-05 This global encyclopedic work serves as a comprehensive collection of global scholarship regarding the vast fields of public administration public policy governance and management Written and edited by leading international scholars and practitioners this exhaustive resource covers all areas of the above fields and their numerous subfields of study In keeping with the multidisciplinary spirit of these fields and subfields the entries make use of various theoretical empirical analytical practical and methodological bases of knowledge Expanded and updated the second edition includes over a thousand of new entries representing the most current research in public administration public policy governance nonprofit and nongovernmental organizations and management covering such important sub areas as 1 organization theory behavior change and development 2 administrative theory and practice 3 Bureaucracy 4 public budgeting and financial management 5 public economy and public management 6 public personnel administration and labor management relations 7 crisis and emergency management 8 institutional theory and public administration 9 law and regulations 10 ethics and accountability 11 public governance and private governance 12 Nonprofit management and nongovernmental organizations 13 Social health and environmental policy areas 14 pandemic and crisis management 15 administrative and governance reforms 16 comparative public administration and governance 17 globalization and international issues 18 performance management 19 geographical areas of the world with country focused entries like Japan China Latin America Europe Asia Africa the Middle East Russia and Eastern Europe North America and 20 a lot more Relevant to professionals experts scholars general readers researchers policy makers and manger and students worldwide this work will serve as the most viable global reference source for those looking for an introduction and advance knowledge to the field **The Global Governance of HIV/AIDS** O. Aginam, 2013-01-01 HIV AIDS remains a major global health problem despite the progress made in its prevention and treatment Addressing this problem is not only a matter of more and better drugs they need to be widely accessible and be affordable to the poor This book makes with a much welcomed interdisciplinary approach an excellent contribution to understanding how the intellectual property regime can influence

health policies and the lives of millions of people affected by the disease The analysis provided by the various authors that contributed to this book will be of relevance not only to those working in the area of HIV AIDS but to those more broadly interested in public health governance and the role of intellectual property rights Carlos Correa University of Buenos Aires Argentina This is an important innovative and at times controversial collection Inter disciplinary in approach this collection will have appeal to those concerned with the global injustice in the context of HIV AIDS Investigating the legal political and economic determinants of access to essential medicines this is thought provoking collection which will resonate with many in both the academic and public policy community Bryan Mercurio The Chinese University of Hong Kong This important book brings together leading scholars from multiple disciplines including intellectual property human rights public health and development studies as well as activists to critically reflect on the global health governance regime The Global Governance of HIV AIDS explores the implications of high international intellectual property standards for access to essential medicines in developing countries With a focus on HIV AIDS governance the volume provides a timely analysis of the international legal and political landscape the relationship between human rights and intellectual property and emerging issues in global health policy It concludes with concrete strategies on how to improve access to HIV AIDS medicines This interdisciplinary global and up to date book will strongly appeal to academics in law international relations health policy and public policy as well as students policymakers and activists
