Dental Practice Mission Statement

This dental practice exists to provide quality dental care to its patients on a timely and efficient basis.

Equal Employment Opportunity

It is the policy of the dental practice not to discriminate against employees or applicants on the basis of race, color, national origin, sex, age, religion, marital status, or the presence of any sensory, physical or mental disability (provided that such disability does not hinder job performance) with respect to recruitment, hiring, training, promotion, and other terms and conditions of employment. All employment decisions shall be consistent with the principle of equal employment opportunity.

Any employee or applicant who feels that he or she has been discriminated against because of race, color, religion, sex, age, national origin, marital status, or sensory, physical, or mental disability should report such incidents to management without fear of reprisal. Confidentiality will be maintained.

Anti-Harassment Policy

The dental practice is committed to the principle that all individuals should be treated with dignity and respect. Harassment of an individual because of race, sex, sexual orientation, disability, age, religion, national origin, or any other reason will not be tolerated.

Although harassment for any reason is contrary to office policy, sexual harassment is a problem that deserves particular attention. Sexual harassment includes unwelcome sexual advances, requests for sexual favors and other unwelcome verbal or physical conduct of a sexual nature.

Any employee who witnesses harassment or who believes that he or she has been harassed should immediately report the incident to management. All reports will be investigated promptly, fully, and completely, and special privacy safeguards will be applied in handling sexual harassment complaints. No reprisals will be taken against an employee for making a complaint. The office will keep confidential documentation of all allegations and investigations and will take appropriate corrective action—including disciplinary measures against employees and dismissal of patients from the practice, when justified—to remedy all violations of this policy.

Suspected Misconduct and Dishonesty

The employer will not tolerate theft or other misappropriation of assets, misstatements and other irregularities in the company records, wrongdoing, forgery or other alteration of documents, fraud, other unlawful acts, and any similar acts. It is improper to make a false report or to provide false, inaccurate, deceptive, or misleading information in any patient record or to any insurer, third-party administrator, patient, or other party. Every employee has a responsibility to report suspected misconduct and dishonesty.

Employee Status

Except as otherwise provided by written agreement or prohibited by law, employment in this office is "at will," meaning that either the employee or the employer can terminate the employment relationship at any time, with or without cause and without prior notice.

created a seminal work that should be on the bookshelf of all social scientists who work in the field of expatriation. More senior scholars will appreciate the deep dive each chapter takes into the literature, each one acting as a reservoir they can draw from to powerfully inform their future research efforts. Doctoral students and newly minted PhDs will find this book to be especially valuable; the final chapter of the book alone provides inestimable career and how-to-publish guidance for them in the field of expatriation. The coverage of the history, construct, milieu, research methodologies, and issues is the best I have come across in a single volume in over 30 years of working in the field. In short, this is a monumental contribution to the study of expatriates and global mobility.

Mark E. Mendenhall, University of Tennessee

McNulty and Selmer's edited volume does a wonderful job of consolidating and integrating everything we know about expatriates and their different types. This long overdue Handbook featuring chapters by top researchers lays a trail for scholars to further advance the study of expatriates.

Joyce Osland, San Jose State University

McNulty and Selmer's edited book of readings on virtually all aspects of expatriates deserves a prominent place in the library of researchers and practitioners interested in this subject. The Handbook provides a historical overview as well as the latest trends in expatriate studies and concludes with useful guidelines on how to conduct as well as improve the quality of research in this field.

Rosalie L. Tung, Simon Fraser University, Canada

Constituting a comprehensive and carefully designed collection of contributions, the Research Handbook of Expatriates provides a nuanced and up-to-date discussion of expatriates. Theoretically broad and groundbreaking, it offers important and contemporary insights into emerging areas of research warranting future consideration. Drawing upon a range of perspectives from the field's most distinguished academics, contributions review the history of the literature in relation to expatriates from the development of the expatriate construct through to the current state of research on business expatriates. Subsequent chapters progress into detailed examinations of the various types of business expatriates, including LGBT self-initiated expatriates, female assignees, inpatriates, international business travellers and commuters, and millennials. Other themes include expatriate performance, adjustment, expatriates to and from developing countries, global talent management, and expatriates' safety and security. The Research Handbook also covers expatriates in diverse communities such as education, military, missionary, sports, and Aidland, and provides additional commentaries relating to methodological issues, research with practitioners, case studies, biculturals, and ATCKs and global families. The Research Handbook concludes with publishing advice for PhD and early career researchers. Stimulating insightful new areas of study, this collection is a must-read for academics and scholars in the field of expatriate research, international management, global human resource management, and business administration. It also offers a wealth of guidance for executives and recruiters along with expatriates and professionals who may expatriate.
