Re: Matthew Batey

To Whom It May Concern:

Mr. Batey worked for Church Plumbing & Heating for approximately one and a half years from October, 2014 through May, 2016. In that time he assisted us with a variety of activities including customer service, scheduling & dispatching for a group of seven technicians, and a number of marketing initiatives. His position was eliminated as a part of the generational transfer of company ownership.

I have known Matt personally since we attended high school together at Elkhart Memorial, graduating in 1996. In addition to serving his country as a Marine, Matt is a dedicated and hard-working team-player. He has always been willing to help out where needed and take on additional assignments. Please don't hesitate to contact me with any specific questions.

Sincerely,

serve and the state's demands on the civilian population in the form of forced labour requisitions and billeting of soldiers. Originally published posthumously in French People, State and War under the French Regime in Canada is the culmination of a lifetime of research and unparalleled knowledge of the archival record including official correspondence, memoirs, military campaign journals, taxation records and local parish records. Dechêne reconstructs the variegated composition and conditions of military forces in New France which included militia, colonial volunteers and regular troops as well as Indigenous allies. The study offers an informed and ambitious comparison between France and other French colonies and shows that the mobilization of an unpaid compulsory militia in New France greatly exceeded requirements in other parts of the French domain. With empathy, sensitivity to the social dimensions of life and a piercing insight into the operations of power, Dechêne portrays the colonial condition with its rightful dose of danger and ambiguity. Her work underlines the severe toll that warfare takes on the individual and on society and the persistent deprivation, disorder, fear and death that come with conflict.

even total strangers while others stood passively by Samuel Oliner a Holocaust survivor who has interviewed more than seven hundred European rescuers and nonrescuers provides some surprising answers in this compelling work Samuel Oliver delves into the profound acts of altruism that emerged during one of history's darkest periods Each interview provides a unique insight into the types of personalities that answer a call to action and those that do not By comparing these rescuers with bystanders he provides a nuanced understanding of what drives people to act with extraordinary compassion or to remain passive in the face of evil Offering both a historical perspective and a roadmap for a more compassionate future *Altruistic Personality* is not just a historical account it is a call to action and a beacon for moral education Relevant when it was first published and even more relevant today Oliver argues that by understanding and fostering the traits of altruism we can prevent future atrocities and bring out the better aspects of humanity
