Browne, 2000-09-11 This practical book presents a comprehensive blueprint for preparing teachers to achieve National Board for Professional Teaching Standards NBPTS certification An outgrowth of the authors more than five years of experience working with

teacher candidates the approach described here enlists the collaboration of both university educators and professional staff development personnel The book includes a detailed outline of a seminar to introduce teachers to the NBPTS process complete with written samples and reproducible overhead transparency masters Also featured are chapters contributed by Board Certified Teachers who share portfolio samples and activities in four certification areas Supported by research proven best practices in professional education the book includes extensive reference lists and helpful hints for facilitators

Assessing Teachers for Professional Certification Lawrence Ingvarson, John Hattie, 2008-02-04 The National Board for Professional Teaching Standards NBPTS in the USA is the most ambitious and successful attempt by any country to establish a certification system for recognizing and rewarding teachers who reach high professional standards This book focuses on The National Board for Professional Teaching Standards NBPTS

International Guide to Student Achievement John Hattie, Eric M. Anderman, 2013-01-17 The International Guide to Student Achievement brings together and critically examines the major influences shaping student achievement today There are many often competing claims about how to enhance student achievement raising the questions of What works and What works best World renowned bestselling authors John Hattie and Eric M Anderman have invited an international group of scholars to write brief empirically supported articles that examine predictors of academic achievement across a variety of topics and domains Rather than telling people what to do in their schools and classrooms this guide simply provides the first ever compendium of research that summarizes what is known about the major influences shaping students academic achievement around the world Readers can apply this knowledge base to their own school and classroom settings The 150 entries serve as intellectual building blocks to creatively mix into new or existing educational arrangements and aim for quick easy reference Chapter authors follow a common format that allows readers to more seamlessly compare and contrast information across entries guiding readers to apply this knowledge to their own classrooms their curriculums and teaching strategies and their teacher training programs

Second Handbook of Research on Mathematics Teaching and Learning Frank K. Lester, 2007-02-01 The audience remains much the same as for the 1992 Handbook namely mathematics education researchers and other scholars conducting work in mathematics education This group includes college and university faculty graduate students investigators in research and development centers and staff members at federal state and local agencies that conduct and use research within the discipline of mathematics The intent of the authors of this volume is to provide useful perspectives as well as pertinent information for conducting investigations that are informed by previous work The Handbook should also be a useful textbook for graduate research seminars In addition to the audience mentioned above the present Handbook contains chapters that should be relevant to four other groups teacher educators curriculum developers state and national policy makers and test developers and others involved with assessment Taken as a whole the chapters reflects the mathematics education research community s willingness to accept the challenge of helping the public

understand what mathematics education research is all about and what the relevance of their research findings might be for those outside their immediate community

Successful Writing Strategies for National Board Certification Bobbie Faulkner, 2021-10-13 Successful Writing Strategies for National Board Certification leads National Board candidates through various strategies to help them write in the National Board Style How a candidate writes about their teaching practice greatly impacts the success of their efforts to become a Board Certified Teacher Components the candidates submit depend on writing that is clear consistent and convincing All the Scoring Rubrics are built upon those elements This book gives many writing strategies tips and examples to lead candidates toward the goal of submitting work that meets the National Board Standards for accomplishment This revision brings it up to date with the current Version 3.0 National Board requirements

Curriculum Leadership Development Carol A. Mullen, 2012-11-12 Curriculum Leadership Development is an up to date user friendly textbook offering unique approaches to help readers understand the complexity of curriculum leadership It is grounded in current and relevant theory research legislation and application in the closely related areas of curriculum leadership development and scholarship The text solidifies the concepts of curriculum and leadership in experiential learning contexts and promotes democratic action and critical thinking Author Carol A Mullen uses a descriptive qualitative approach that integrates case study data analysis personal reflection and lessons learned Among the most important elements of the book are the inclusion of the voice and curricular experiences of the professional student who is a seasoned teacher or beginning administrator detailed illustrations of practitioners experiences as curriculum makers and action researchers an articulation of the links among curriculum development constructivist curricula and mentoring scaffolds and practical exercises to accompany case studies Graduate and advanced undergraduate students in education will find this textbook of value in their coursework as will curriculum professionals who teach practicing teachers

Tej Vol 29-N1 Teacher Education and Practice, 2016-08-10 Teacher Education and Practice a peer refereed journal is dedicated to the encouragement and the dissemination of research and scholarship related to professional education The journal is concerned in the broadest sense with teacher preparation practice and policy issues related to the teaching profession as well as being concerned with learning in the school setting The journal also serves as a forum for the exchange of diverse ideas and points of view within these purposes As a forum the journal offers a public space in which to critically examine current discourse and practice as well as engage in generative dialogue Alternative forms of inquiry and representation are invited and authors from a variety of backgrounds and diverse perspectives are encouraged to contribute Teacher Education Practice is published by Rowman Littlefield

WHAT WORKS! Bobbie Faulkner, 2011-10-16 WHAT WORKS provides a roadmap for National Board candidates by guiding them as they work through each of the four entries to be submitted The chapters contain dozens of tips on What Works and Why These Work The tips are practical specific and written in a conversational style that is easy to read

Assessing Accomplished Teaching National Research Council, Division of Behavioral and Social Sciences and Education, Center for Education, Board on Testing and Assessment, Committee on Evaluation of Teacher Certification by the National Board for Professional Teaching Standards, 2008-10-04 The mission of the National Board for Professional Teaching Standards NBPTS is to establish high and rigorous standards for what teachers should know and be able to do to certify teachers who meet those standards and to advance other education reforms for the purpose of improving student learning in American schools In response to a request from the U S Congress the National Research Council developed a framework for evaluating programs that award advanced level teacher certification and applied that framework in an evaluation of the impacts of the NBPTS Specifically this book addresses the impacts on students teachers and the educational system in this country Assessing Accomplished Teaching finds that teachers who earn board certification are more effective at improving their students achievement than other teachers but school systems vary greatly in the extent to which they recognize and make use of board certified teachers Many of the questions on the evaluation framework could not be answered because the data have not been collected and the report makes recommendations for the kinds of research that are needed to fully evaluate the impacts of board certification by the NBPTS

Testing Teacher Candidates National Research Council, Division of Behavioral and Social Sciences and Education, Board on Testing and Assessment, Center for Education, Committee on Assessment and Teacher Quality, 2001-10-19 Americans have adopted a reform agenda for their schools that calls for excellence in teaching and learning School officials across the nation are hard at work targeting instruction at high levels for all students Gaps remain however between the nation s educational aspirations and student achievement To address these gaps policy makers have recently focused on the qualifications of teachers and the preparation of teacher candidates This book examines the appropriateness and technical quality of teacher licensure tests currently in use evaluates the merits of using licensure test results to hold states and institutions of higher education accountable for the quality of teacher preparation and licensure and suggests alternatives for developing and assessing beginning teacher

competence Teaching is a complex activity Definitions of quality teaching have changed and will continue to change over time as society's values change This book provides policy makers teacher testers and teacher educators with advice on how to use current tests to assess teacher candidates and evaluate teacher preparation ensuring that America's youth are being taught by the most qualified candidates
