Ndp Policy Book:

Opening Doors Wider Sylvia Bashevkin, 2010-01-01 From the days of the fur trade through the contemporary period women have played important roles in the public life of Canada Until the 1970s however these contributions were generally overlooked *Opening Doors Wider* looks at the progress made in the last forty years to raise the profile of women's involvement in public life The contributors focus on two questions with reference to community activism the politics of feminist organizing parties and elections and the communications environment in which politicians operate First are the doors to participation presently open wider than they were in the past Second how can these doors be opened wider both in terms of real world participation and our scholarly understanding of public engagement These tightly argued essays shed new light on the quality of public involvement of women in one of the world's most stable democracies The nuanced discussion of solutions as well as problems makes it an indispensable resource for students and practitioners of politics at all levels

US Naval Strategy and National Security Sebastian Bruns, 2017-09-22 This book examines US naval strategy and the role of American seapower over three decades from the late 20th century to the early 21st century This study uses the concept of seapower as a framework to explain the military and political application of sea power and naval force for the United States of America It addresses the context in which strategy and in particular US naval strategy and naval power evolves and how US naval strategy was developed and framed in the international and national security contexts It explains what drove and what constrained US naval strategy and examines selected instances where American sea power was directed in support of US defense and security policy ends and whether that could be tied to what a given strategy proposed The work utilizes naval capstone documents in the framework of broader maritime conceptual and geopolitical thinking and discusses whether these documents had lasting influences in the strategic mind set the force structure and other areas of American sea power Overall this work provides a deeper understanding of the crafting of US naval strategy since the final decade of the Cold War its contextual and structural framework setting and its application To that end the work bridges the gap between the thinking of American naval officers and planners on the one hand and academic analyses of Navy strategy on the other hand It also presents the trends in the use of naval force for foreign policy objectives and into strategy making in the American policy context This book will be of much interest to students of naval power maritime strategy US national security and international relations in general

Global Defense Procurement and the F-35 Joint Strike Fighter Bert Chapman, 2018-12-27 This book analyzes the development and evolution of the F-35 Joint Strike Fighter a multinational aircraft endeavor involving the U.S. and many of its allies The author provides a historical overview of jet fighter aircraft discussing the different generations of these planes and their technical characteristics as well as an outline of emerging international geopolitical and security trends the F-35 may see combat in By examining the role of defense industries domestic politics and governmental oversight of the Joint Strike Fighter in various countries the author concludes that this

aircraft will be deployed in most of these countries to replace their aging jet fighter fleets and combat potential military aggression from China Russia and other revisionist international powers **From Layton to Singh** Matt Fodor,2022-10-18 An incisive analysis of the federal NDP since 2000 examining the ongoing unresolved tension between the party's idealistic grassroots base and centrist bureaucracy at its core On the surface the story of the federal NDP in the 21st century can be told as a story of its leaders the optimism of the Jack Layton era the disappointment of Tom Mulcair the energizing popularity of Jagmeet Singh with young voters But the real story is the ongoing internal power and ideological conflict between social democrats and Orange liberals Author Matt Fodor describes how over 20 years centrists gradually consolidated their power turning the party to the right He highlights how the tensions have played out as activists drawn to socialist ideals contend with card carrying party members chasing political power The NDP's low point came with the disastrous 2015 election when Trudeau's Liberals outflanked the NDP on the left Matt Fodor describes the impact on the party of Jagmeet Singh's leadership from its rocky first days to the campaigns of 2019 and 2021 and the role the party has played in minority Parliaments He offers an account of the changes that would allow the federal party to hew more closely to the ideals and beliefs of its members Fodor bases his narrative on sources including party insiders and defectors alike 14 Days Bruce Carson,2014-06-14 An analysis of the Harper government by looking back at fourteen important days from 1993 to 2013

Routledge Handbook of Air Power John Andreas Olsen,2018-02-20 The Routledge Handbook of Air Power offers a comprehensive overview of the political purposes and military importance of air power Despite its increasing significance in international relations statecraft and war the phenomenon of air power remains controversial and little understood beyond its tactical and technological prominence This volume provides a comprehensive survey designed to contribute to a deep and sophisticated understanding of air power Containing contributions from academics and service personnel the book comprises five sections Part I Foundation the essence of air power Part II Roles and functions delivering air power Part III Cross domain integration applying air power Part IV Political social economic environment air power in its strategic context Part V Case studies air power in its national context Examining a series of themes and factors that contribute to an understanding of the utility and applicability of air power this Handbook focuses on the essence of air power identifies its roles and functions and places air power in its wider strategic and national contexts The Routledge Handbook of Air Power will be of great interest to students of air power strategic studies defence studies security studies and IR as well as to military professionals and policy makers *Canadian Natural Resource and Environmental Policy, 2nd edition* ,2005 This expanded and updated edition of Canadian Natural Resource and Environmental Policy examines policy making in one of the most significant areas of activity in the Canadian economy natural resources and the environment It discusses the evolution of resource policies from the early era of exploitation to the present era of resource and environmental management including the Kyoto Protocol Using an integrated political economy and policy perspective the book provides an analytic framework through which ideological

perspectives administrative structures and substantive issues are explored R sum de l diteur **Neuro-Dynamic Programming** Dimitri Bertsekas, John N. Tsitsiklis, 1996-11-01 This is historically the first book that fully explained the neuro dynamic programming reinforcement learning methodology a breakthrough in the practical application of neural networks and dynamic programming to complex problems of planning optimal decision making and intelligent control Neuro dynamic programming uses neural network approximations to overcome the curse of dimensionality and the curse of modeling that have been the bottlenecks to the practical application of dynamic programming and stochastic control to complex problems The methodology allows systems to learn about their behavior through simulation and to improve their performance through iterative reinforcement This book provides the first systematic presentation of the science and the art behind this exciting and far reaching methodology It develops a comprehensive analysis of reinforcement learning algorithms and guides the reader to their successful application through case studies from complex problem areas It contains material that is not available elsewhere in book form such as a comprehensive and rigorous analysis of temporal difference methods Q learning and error bounds associated with various methods The Blaikie Report Bill Blaikie, 2011-10-14 Bill Blaikie has a unique insider s perspective on political life in Canada As a United Church minister reflecting on three decades in the House of Commons he tells the too often overlooked story of Canada s Christian left and in particular of the New Democratic Party s roots in the social gospel and its ongoing influence This lively book is peppered with personal anecdotes and political personalities and events from Canadas recent history Foreword by Lloyd Axworthy former minister of foreign affairs Includes a colour photo insert **Should We Change How We Vote?** Andrew Potter, Daniel M. Weinstock, Peter Loewen, 2017-04-01 During the 2015 federal election the Liberal Party pledged that if elected they would end the first past the post electoral system where whichever candidate receives the most votes wins a riding even if they have not received a majority of all votes cast In early 2017 the Liberals reneged on their campaign promise declaring that there was a lack of public consensus about how to reform the system Despite the broken promise and because of the public outcry discussions about electoral reform will continue around the country Challenging the idea that first past the post is obsolete Should We Change How We Vote urges Canadians to make sure they understand their electoral system before making drastic changes to it The contributors to this volume assert that there is perhaps no institution more misunderstood and misrepresented than the Canadian electoral system praised by some for ensuring broad regional representation in Ottawa but criticized by others for allowing political parties with less than half the popular vote to assume more than half the seats in Parliament They consider not only how the system works but also its flaws and its advantages and whether or not electoral reform is legitimate without a referendum An essential guide to the crucial and ongoing debate about the country s future Should We Change How We Vote asks if there are alternative reforms that would be easier to implement than a complete overhaul of the electoral system **Remaking Policy** Carolyn Hughes Tuohy, 2018-01-01 In Remaking Policy Carolyn Hughes Tuohy advances an ambitious new approach

to understanding the relationship between political context and policy change

Public Expenditure and Income

Distribution in Malaysia Mukaramah Harun, Sze Ying Loo, 2022-07-19 This book studies the impact of public expenditure allocations in achieving income equality goals in Malaysia. The book examines the initial functional and institutional distribution of income across different institutional agents and sectors and evaluates the impact of the public expenditure policies in reducing the inter ethnic and rural urban disparity. Since Malaysia has made enormous progress in eliminating poverty, the authors suggest that a change of emphasis in the public expenditure policy may now be called for. They present evidence on the importance of public expenditure in improving income inequality and examine the initial functional and institutional distribution of income across different institutional agents and sectors. The development of the Social Accounting Matrix (SAM) model that presents both economic and social statistics in an economy can be served as a useful tool of this work. The SAM model is used to evaluate the impact of the public expenditure policies in reducing inter ethnic and rural urban disparity. A comprehensive source of information on how to deal with inequality economic challenges, the book will be of interest to economists and researchers on Southeast Asian Studies.

Waiting for the Wave Tom Flanagan, 2009-05-01 In *Waiting for the Wave*, Tom Flanagan studies the rapid rise of the Reform Party and presents some fascinating insights into the party and its leaders. He corrects two popular misconceptions about Preston Manning: that his political philosophy is directly derived from his religious convictions and that he is an extreme right wing conservative. Flanagan examines Manning's strategy of populism: listening to the common sense of the common people and illustrates how he used this strategy to catch waves of popular discontent to boost support for his party. Having held various positions within the party, Flanagan is able to portray its inner workings, revealing some of the personal ideologies of party members and showing how these conflicted with Manning's strategy of populism.

Working for the Common Good Madelyn Holmes, 2017-06-27 T00:00:00Z In *Working for the Common Good*, Madelyn Holmes details the political policy work of eight social democratic Canadian women and highlights their largely unrecognized struggles and accomplishments. Throughout their political careers, Agnes Macphail, Theresa Casgrain, Grace MacInnis, Pauline Jewett, Margaret Mitchell, Lynn McDonald, Audrey McLaughlin, and Alexa McDonough worked towards curing society's economic and social ills. They raised their voices for world peace from the 1920s to the 2000s. They were incensed about economic inequality in Canadian society and advocated for policies to reduce poverty. They fought for social justice for Indigenous peoples, Japanese Canadians, Chinese Canadians, Muslim Canadians, and the imprisoned. The profiles in this book illustrate the many ways these politicians embraced the cause of gender equality and served as role models for generations of Canadian women.

The Politics of Canadian Foreign Policy, Fourth Edition Kim Richard Nossal, Stéphane Roussel, Stéphane Paquin, 2015-12-07 The fourth edition of this widely used text includes updates about the many changes that have occurred in Canadian foreign policy under Stephen Harper and the Conservatives between 2006 and 2015. Subjects discussed include the fading emphasis on internationalism, the rise of a new foreign policy agenda,

that is increasingly shaped by domestic political imperatives and the changing organization of Canada's foreign policy bureaucracy. As in previous editions, this volume analyzes the deeply political context of how foreign policy is made in Canada. Taking a broad historical perspective, Kim Nossal, Stéphane Roussel, and Stéphane Paquin provide readers with the key foundations for the study of Canadian foreign policy. They argue that foreign policy is forged in the nexus of politics at three levels: the global, the domestic, and the governmental, and that to understand how and why Canadian foreign policy looks the way it does, one must look at the interplay of all three.

Nurturing Institutions for a Resilient Caribbean Diether Beuermann, Moises Schwartz, Juan Pedro Schmid, Christian Dippel, Jeetendra Khadan, Jose Fajgenbaum, Claudio Loser, Allan Wright, Kimberly Waithe, Elton Bollers, Kevin Bonnett, Camila Mejia, Henry Mooney, Lodewijk Smets, 2018-09-26. The book explores the historical development and status of political and economic institutions in The Caribbean. The Caribbean institutional reality is studied vis-à-vis best international practices. The main objective is identifying positive aspects and institutional areas in need of improvement that could facilitate a sustainable development path in The Caribbean.

The Canadian Forum, 1995. Includes critical reviews.

Women Winning Office Peggy Nash, 2022-05-02. When Peggy Nash first decided to run for elected office, she had no idea where to start, who to contact, or what the rules were. For those who are underrepresented in political life, politics can seem like a secret society designed to shut them out. *Women Winning Office* is a practical handbook for activist women on how to open doors and take their place in the political process. Find out how to build a team, get nominated, inspire volunteers, and canvass voters. Nash draws on her experience in five federal campaigns, as well as the stories of many inspiring Canadian women who have run for office at all levels of government. Some succeeded, some did not. Some faced difficult and painful experiences. Every one of them would do it again. To make real progressive change, we need to change not only who gets elected in Canada but how our democracy functions. If you want to find out how to take your desire for a better world into elected office, this book is for you.

Dynasties and Interludes Lawrence LeDuc, Jon H. Pammett, 2016-08-06. *The Hill Times* Best Books of 2016. An overview of the history of elections and voting in Canada, including minority governments, dynasties, and social movements. *Dynasties and Interludes* provides a comprehensive and unique overview of elections and voting in Canada from Confederation to the most recent election. Its principal argument is that the Canadian political landscape has consisted of long periods of hegemony of a single party and/or leader, dynasties punctuated by short, sharp disruptions brought about by the sudden rise of new parties, leaders, or social movements, interludes. This revised and updated second edition includes an analysis of the results of the 2011 and 2015 federal elections, as well as an in-depth discussion of the Harper Dynasty.

The Power of Persuasion Kirsten Kozolanka, 2007. Explores the relationship between the politics of the New Right, the media, and democracy.
