

CEO's Report

Networks Annual Performance and Year on Year Growth Statistics

INTRODUCTION AND SUBJECT MATTER

ADAM Global CEO Mr. Ashraf Rahman welcomed all the partners and the guests who had joined the Annual Partners Meeting this year. He appreciated all the partners and the host, the lovely Ana Rodriguez who made this all happen. He declared the attendance was indicative of the continued support that we offer one another and it was great to see so many from guests from all around the globe.

Mr. Rahman declared how proud he is that we are now celebrating five years of success, friendship and collaborations of our network.

The network has come a long way and has achieved what no other network has in a similar time frame. ADAM Global is now represented in all the habitable continents of the world, with Australia the most recent introduction to the network. There are now 118 offices around the globe in 85 countries. Mr. Rahman vowed that ADAM Global would continue to endeavor to expand its

reach to regions where our clients want us to be and offer the same level of support that is expected of a professional firm, in fact, exceed it.

2013 to 2014 had seen some transactions between partners and the annual billing was approximately around USD 300 million. Last year had witnessed many of the partners working together to offer innovative solutions to their clients that helped in fulfilling their desired objectives.

ADAM Global is impacting how we do business in the modern world, and lately, has been recognized as the Best Global Services Provider in a ceremony in the United States by the CEO Clubs, and also were nominated for the Europe Business Assembly Prestigious International Award. All the partners were assured that they will continue to receive the best support. The achievements were all made possible through collaborative efforts of the members and technological advancements in some systems.

The year 2015/16 has been a year of consolidation to improve efficiency. The ADAM Global team have introduced various initiatives with the aim of improving the effectiveness of the network. Mr. Rahman stated that the initiatives have started to bring in the desired results.

Cloud technology was introduced this year to improve connections between member firms worldwide and to provide a state of the art highly secure portal for them and their clients. This gives all an increased level of accountability, transparency, and visibility when working together on international engagements. The initiative with a common WhatsApp has seen communication between partners and lineages made a lot easier and convenient.

Committees have been setup with the purpose of improving the quality of the firms and the standards that the firms adhere to. These committees will be there to support the member firms and guide them on how best to improve their quality of services and to improve their bottom-line. The Regional Presidents will work closely within their regions to promote specialty groups and power teams that work with one another and develop synergies.

For the Year 2017, the focus is to implement operations standards, creating robust training platforms and increasing regional activities to promote businesses within the region.

Mr. Rahman stated that he believed that it is only by,

1. Combining our business approaches, resources and strategies that we can deliver this level of comprehensive solutions to our clients across the globe and one that is professional and standardised across the network. And I have full confidence in all our members and that together we can achieve this. 2. 3.
