Report Writing For Increased Convictions:

Report Writing for Increased Convictions Law Enforcement Resource Center, 2016-06-01 Report Writing for Criminal Justice Professionals Larry Miller, John Whitehead, 2017-09-14 The criminal justice process is dependent on accurate documentation Criminal justice professionals can spend 50 75 percent of their time writing administrative and research reports The information provided in these reports is crucial to the functioning of our system of justice Report Writing for Criminal Justice Professionals Sixth Edition provides practical guidance with specific writing samples and guidelines for providing strong reports Most law enforcement security corrections and probation and parole officers have not had adequate training in how to provide well written accurate brief and complete reports Report Writing for Criminal Justice Professionals covers everything officers need to learn from basic English grammar to the difficult but often ignored problem of creating documentation that will hold up in court This new edition includes updates to reference materials and citations as well as further supporting examples and new procedures in digital and electronic report writing **Offender Supervision** Fergus McNeill, Peter Raynor, Chris Trotter, 2012-08-06 This major new book brings together leading researchers in the field in order to describe and analyse internationally significant theoretical and empirical work on offender supervision and to address the policy and practice implications of this work within and across jurisdictions Arising out of the work of the international Collaboration of Researchers for the Effective Development of Offender Supervision CREDOS this book examines questions and issues that have arisen both within effectiveness research and from research on desistance from offending The book draws out the lessons that can be learned not just about what works but about how and why particular practices support desistance in specific jurisdictional cultural and local contexts Key themes addressed in this book include New directions in theory and paradigms for practice Staff skills and effective offender supervision Different issues and challenges in improving offender supervision The role of families significant others and social networks Understanding and supporting compliance within supervision Exploring the social political organisational and historical contexts of offender supervision Offender Supervision will be essential reading for academics undergraduate and postgraduate students policy makers managers and practitioners interested in offender supervision Report of the Pioneer Society of the State of Michigan , 1884 **Expert evidence in criminal proceedings in England and Wales** Great Britain: Law Commission, 2011-03-22 This project addressed the admissibility of expert evidence in criminal proceedings in England and Wales Currently too much expert opinion evidence is admitted without adequate scrutiny because no clear test is being applied to determine whether the evidence is sufficiently reliable to be admitted Juries may therefore be reaching conclusions on the basis of unreliable evidence as confirmed by a number of miscarriages of justice in recent years Following consultation on a discussion paper LCCP 190 2009 ISBN 9780118404655 the Commission recommends that there should be a new reliability based admissibility test for expert evidence in criminal proceedings The test would not need to be applied routinely or

unnecessarily but it would be applied in appropriate cases and it would result in the exclusion of unreliable expert opinion evidence Under the test expert opinion evidence would not be admitted unless it was adjudged to be sufficiently reliable to go before a jury The draft Criminal Evidence Experts Bill published with the report as Appendix A sets out the admissibility test and also provides the guidance judges would need when applying the test setting out the key reasons why an expert's opinion evidence might be unreliable The Bill also codifies with slight modifications the uncontroversial aspects of the present law so that all the admissibility requirements for expert evidence would be set out in a single Act of Parliament and carry equal authority
