I. The Myths of the Bermuda Triangle A: Examples of theories and historical events. B: Environmental reasoning of the location.

II. The Popular Mystery of Flight 19 A: The legend of six fighter planes disappearing on a routine flight. B: How the Bermuda Triangle got its name from this mystery. C: The true occurrence of how the mission went and explanation of phenomena.

For years there has been an unsolved mystery of disappearances of boats and planes with no trace of evidence left behind. **Privatisation and Its Limits in Central and Eastern Europe** H. Engerer, 2001-06-18 Hella Engerer analyses the emergence, evolution, and theory of property rights and establishes the limits for privatization of state-owned enterprises in the transitional economies of Eastern Europe. She counters the assumption that reduction of the state sector helps to create the basis for a private property system, showing that privatization actually presupposes a stable framework including property order. She makes use of an outstanding methodological approach reaching well beyond the limits of pure economic observation. This is a major contribution to the understanding of the emerging economic order of Central and Eastern Europe.
