Consumer Tribes Avi Shankar, Bernard Cova, Robert Kozinets, 2012-06-25 Marketing and consumer research has traditionally conceptualized consumers as individuals who exercise choice in the marketplace as individuals not as a class or a group However an important new perspective is now emerging that rejects the individualistic view and focuses on the reality that human life is essentially social and that who we are is an inherently social phenomenon It is the tribus the many little groups we belong to that are fundamental to our experience of life Tribal Marketing shows that it is not individual consumption of products that defines our lives but rather that this activity actually facilitates meaningful social relationships The social links social relationships are more important than the things brands etc The aim of this book is therefore to offer a systematic overview of the area that has been defined as cultures of consumption consumption microcultures brand cultures brand tribes and brand communities It is though these that students of marketing and marketing practitioners can begin to genuinely understand the real drivers of consumer behaviour It will be essential to everyone who needs to understand the new paradigm in consumer research brand management and communications management

Discovering Childhood in International Relations J. Marshall Beier, 2020-06-13 This book examines how and why in the context of International Relations children s subjecthood has all too often been relegated to marginal terrains and children themselves automatically associated with the need for protection in vulnerable situations as child soldiers refugees and conflated with women all

typically with the accent on the Global South Challenging us to think critically about childhood as a technology of global governance the authors explore alternative ways of finding children and their agency in a more central position in IR in terms of various forms of children s activism children and climate change children and security children and resilience and in their inevitable role in governing the future Focusing on the problems pitfalls promises and prospects of addressing children and childhoods in International Relations this book places children more squarely in the purview of political subjecthood and hence more centrally in IR *Handbook of Qualitative Research Methods in Marketing* Russell W.
