House, 2000 **Discrimination and Toleration** Kirsten Hastrup, George Ulrich, 2021-10-25 Discrimination on the basis of race gender or other ascribed group affiliations or individual identities is an all too well known phenomenon International instruments are invoked and refined to alter this situation but often to little avail In the present volume authors from across the globe explore the nature and forms of discrimination and seek to establish a new conceptual ground for addressing the issue Toleration is often advocated as a remedy for discriminatory practices In contrast to tolerance which is seen as an attitude toleration implies an active engaging of difference In this volume several authors address the inherent complexities of the notion itself not least the implication of asymmetry between the tolerant and the tolerated A central theme throughout the volume is the relative force of law and other areas of public concern in addressing the issues of both discrimination and toleration From a wide range of legal literary anthropological and philosophical perspectives the authors also show how the role of the intellectual is vital in reshaping the discourse and in redirecting practices that may affirm the equal worth of all humans *King Tut's Gold* Bill Butler, 2007-10 This story takes place deep in the Great Forest where people are rarely seen The inhabitants of this land called Bug A Boos may be bothered from time to time by animals like lizards or bears but most of the time the bugs who live in this story go about their own business of getting food building homes or arguing or fighting with each other Bug A Boos is a community much like the ones people create although on a much smaller scale Ralph the Drone is the main character in this story He is an unusual bee because he is not simply a worker bee he is a thinking bee who is concerned over threats to the well being of all of the bugs It was that characteristic which got Ralph in trouble because he openly disagreed with a plan for handling a drought which was announced by the Monarch the leader of all the bugs Ralph found himself banished to the land of the fire ants for daring to suggest a better approach This proved to be fortunate because Ralph and two friends who joined him Millie the Moth and Chuck the Chub overheard the fire ant s leader General G planning an attack Bug A Boos and recommended a way to counter the attack The plan worked and the fire ants were turned back Ralph was still held in disdain however The leader of the fire ants General G was not the type of bug that would give up easily He also vowed to get even with Ralph the Drone and made a pact with the

evil Ann Mantis to capture Ralph She was more than pleased to help General G because of her long standing hate of Ralph When Ralph is captured by the fire ants it appears the peaceful community of Boosand its incompetent leader the Monarch will at last fall prey to the fire ants
