Adam Streiff

ABC Company

24 Doe Street, Sometown XX19 1XX

Dear Mr Streiff,

When I came across your opening for a sales assistant at ABC Company, I was beyond thrilled. I would value the opportunity to contribute the same award-winning customer service as I have at my current role at XYZ Corp.

I have seen that ABC Company will soon be relocating to a larger site, following three consecutive years of increasing trade. My most recent experience involved a similar situation. As a retail assistant at XYZ Corp I assisted with a move to a new 200 square metre site, helping to successfully adapt visual merchandising for the larger space. To further assist the move I helped train 5 new incoming staff to manage the increase in footfall.

After the move to the larger premises my own sales figures improved by 50% per month, contributing to an overall sales increase of £700,000 per annum. I'd love to be able to help achieve the same success for a vibrant local business such as ABC Company.

Thanks so much for taking the time to consider my application. Please do give me a call at your convenience, so we can discuss the role further. I'd love the opportunity to develop my skills at a business that's a Merseyside success story.

Yours sincerely,

Sophie Spencer

Boards that Matter Randy Quinn, Linda J. Dawson, 2011-07-16 This book clears the smoke for boards faced with the challenge to make their governing model either Policy Governance or Coherent Governance work in real life Boards of directors thoughtfully engage in the exciting work of developing new policies and adopting their new governing model then immediately confront reality how does the board actually put the new model into motion and allow it to deliver on its promise of excellent board performance Boards That Matter is a practical guide that takes the mystery out of that process It is a book that is loaded with down to earth solutions all based on processes successfully in use today by boards across the United States and internationally Although many of the examples offered in the book come from the world of public school boards and non profit boards of various types the implementation processes are equally applicable to boards of all types The challenge of governing a complex organization is difficult enough in itself without layering on top of that challenge the struggle to make the board s own operating system seem natural and meaningful The authors draw from their combined 60 plus years of experience in working with public and non profit boards including work with hundreds of boards using both Policy Governance and Coherent Governance as they present their insight about how to use the models effectively Their easily understood implementation strategies for helping real boards deal with real issues and doing it through faithful utilization of their new governing tools makes this a continuing reference source for boards as they translate theory into practice
