classroom so teachers have difficulty to make authentic situation for the students to practice the language outside the class. Second obstacle is the students' bad experiences during their previous schooling in learning English. The students come from different school backgrounds; some remote schools may not have good teachers especially in teaching English. Even some students have bad impressions that make them hate English. The last thing is teachers still have problems to access updated books, journals, etc. to help them teach English better. This book is to help both teachers and students to enjoy the process of teaching and learning. Materials given are mostly authentic from internet or medication information. The authenticity of the material can give additional motivation for the students so they can apply it as day-to-day conversation in the nursing settings or in their future workplace. The material in this book also can become references in doing translation, social and professional conversation, journal reading, scientific writing, and presentation ability.
