

Congratulations on your 8th grade graduation!

I wish I let this occasion pass without expressing my pride and happiness for all of you. I have known most of you for several years, and some of you for many years! It has been my pleasure and honor to watch you grow, learn, and become wonderful young ladies and gentlemen.

I know you are ready to move on to high school. You won't miss either every academic lesson you learned here, but you will remember how you were treated. I hope that you leave with many fond memories and this school is your home.

As you embark on your next exciting journey, here is a little "graduation" for high school:

1. Stay connected to your Creator! Pray often and live your faith. The Lord has invited you to His table, attend Mass. You are God's wonderful creation, and He has big plans for you.
2. Keep your current friends and make new ones.
3. Get involved! Join a club, team, and be active in the school's many activities. Find your passion and contribute.
4. High school can be challenging. Do your best. Stay strong and remain strong academically.
5. High school grades matter as you are building your transcript and resume from Day 1 for your future. Set goals and work towards them.
6. Work hard and always have integrity. Be honest and make choices that will make you proud of yourself. Do what is right and not what you can get away with.
7. Live a clean, wholesome life. Don't do anything that will end or change your life. Think before you act. You have a lot to look forward to after high school. Use your own brain, and don't succumb to group-think.
8. Value yourself and others always. Pray for yourself and for others.
9. The good stuff happens when you're not holding your cell phone!
10. Know you are loved, and you have people cheering for you. Keep them close and be grateful.

May your blessings continue. Please keep me in your prayers and you will remain in my mind. May God bless each of you!

Language in Writing Instruction María Estela Brisk, 2020-09-22 Accessible and engaging this book offers a comfortable entry point to integrating language instruction in writing units in grades 3-8. A full understanding of language development is necessary for teaching writing in a successful and meaningful way. Applying a Systemic Functional Linguistics (SFL) approach, Mar a Brisk embraces an educator's perspective, breaks down the challenges of teaching language for non-linguists, and demonstrates how teachers can help students express their ideas and create cohesive texts. With a focus on the needs of all students, including bilingual and English language learners, Brisk addresses topics necessary for successful language instruction and moves beyond vocabulary and grammar to address meaning making and genre. This book provides a wealth of tools and examples for practice and includes helpful instructional resources that teachers can return to time after time. Moving from theory to practice, this teacher-friendly text is a vital resource for courses in language education programs, in-service teacher training seminars, and for pre-service and practicing English Language Arts (ELA) teachers who want to expand their teaching abilities and knowledge bases. This book features a sample unit and a reference list of instructional resources.

How to Say the Right Thing Every Time Robert D. Ramsey, 2009 I had several ah-ha moments while reading this book. Kudos to the author for creating a meaningful guide for today's school administrator. Marie Blum, Superintendent, Canaseraga Central School District, NY. A good tool for administrators and teacher leaders with its readability, content emphasis, and real-life examples. Russ Bennett, Superintendent, Aurora City Schools, OH. Time-tested techniques for communicating effectively with all educational stakeholders. For school leaders, being an effective communicator is one of the most vital and sometimes most challenging parts of the job. This user-friendly resource provides practical strategies for improving daily interactions with students, colleagues, parents, and other stakeholders, as well as guidelines for avoiding missteps when critical issues arise. Each chapter presents do's and don'ts for effective verbal and written communication in a variety of situations, from public speaking and working with the media to straight talk for approaching students about sensitive topics such as sex, gangs, and substance abuse. This revised edition also assists educators with How to's for dealing with natural and man-made disasters. A new chapter on differentiating communication to reach a wide audience. A new section on communicating with school board members. Use the tools and real-world examples in this invaluable reference to resolve difficult situations and build positive relationships.
