Student Leadership Darby M. Roberts, Krista J. Bailey, 2016-08-22 Student learning and program assessment are educational priorities on today's campuses. To create exceptional leadership programs, educators need to develop a structured plan that includes multiple assessment methods over time and experiences. This volume by professionals with diverse theoretical backgrounds provides a road map and illustrates tangible practices of assessing student leadership. Topics covered include: How leadership and assessment intersect; Developing a comprehensive assessment plan; The language of leadership; Assessing student leadership; Assessment from an institutional approach. The Jossey-Bass quarterly report series *New Directions for Student Leadership* explores leadership concepts and pedagogical topics of interest to high school and college leadership educators. Issues are grounded in scholarship and feature practical applications and best practices in youth and adult leadership education.

Green Supply Chain Management Practice and Principles Martínez-Falcó, Javier, Marco-Lajara, Bartolomé, Sánchez-García, Eduardo, Millán-Tudela, Luis Antonio, 2024-07-10 The global economy's growth has come at a cost: environmental degradation and resource depletion. As businesses strive to meet increasing consumer demands, traditional supply chains prioritize cost and efficiency over sustainability. This approach is no longer viable in a world facing climate change and resource scarcity. The problem is apparent: how can businesses transition to sustainable practices without compromising profitability and operational efficiency? *Green Supply Chain Management Practice and Principles* promotes the establishment of a green supply chain as the key. It offers a comprehensive guide to integrating eco-friendly practices into every aspect of the supply chain, from sourcing raw materials to waste management. Through a combination of theory, practical insights, and real-world case studies, this book equips businesses, researchers, and students with the tools to understand and implement green supply chain practices.
