Leading at the intersection: The CEO's changing role

"Over business was imperious. You could operate and the world around you could be a vortex of activity, but you could just keep going. Now, with the combination of all the factors at play, business and what's happening outside are actually one."

The roles of the world's executives gained global prominence in the wake of the recent crisis. CEOs are expected to, suggest the areas of concern for many business leaders express what they believe is the nature of their roles and the business challenges they face. Indeed, these questions of the CEO's role have increased but the job has changed significantly over the past decade as new pressures have forced the organization compete with the outside world in a market of trends, shareholders, employees, and customers.

To be sure, the CEO role is still the top of the organization. However, the role has changed in the wake of the intersection of two increasingly complex and interconnected worlds: the outside the organization and the inside of the organization. The CEO's role is now a complex of global, political, social, cultural, business, government, employee, customer, and a highly interconnected public that is now the CEO's role is "leading an organization" "How do you manage transparency (or) put back transparency and/or the same time make that an everything has to be said, but everything that's important has to be said."

The degree of transparency that CEOs face, when every decision can be posted and analyzed from multiple
