Chen, 2024-10-21 A perennial challenge for theological education is the integration of what is learned in the classroom with students church life and ministry Is there a connection How can greater connection be fostered Many seminaries earnestly wrestle with these questions Whereas some of the underlying issues are common to all seminaries others are influenced by the cultural context in which theological education church life and ministry take place In addition to cultural factors the history lifestage and current state of the church and of theological education are different in each context The integration of theology church and ministry is crucial to the effectiveness of a Chinese seminary The great need for theological education for Chinese Christian leaders has rightly been sounded and should continue to be but simultaneously seminaries must think seriously about how to promote quality theological education Beginning with a programmatic article by Dr David Dockery a leading proponent for effective integration this book represents the efforts and reflection of experienced scholar practitioners who work out a vision for integration in the context of a diaspora Chinese seminary in San Jose California

The Real Royal Family James E. Schultz, 2021-03-26 God made human beings in his image and that is what makes us so valuable Yet there are vastly different ideas of what the image means and how sin affects the image and each of those ideas impacts the claim that the image grounds human value People have treated one another in either horrible or wonderful ways based on their theologies of the image This book examines the logical implications of various image doctrines in the real world Also in Genesis 1 26 27 the image of God is closely tied to the first stated purposes of human life in Genesis 1 28 Yet such practical purposes seem remote from the private spirituality of the gospel story often heard in churches To live out our part in God's creation project we need to understand the image of God within the unfolding story Scripture narrates from creation to new creation This book builds a theology of the image of God by situating it firmly in the biblical narrative harnessing the insights of biblical theology and conversing with theologians past and present to form a coherent story of God his children and his creation in this age and the age to come
