The Effects of Wars Pierre Bocquillon, Suzanne Doyle, Toby S. James, Ra Mason, Soul Park, Matilde Rosina, 2024-12-09

War has been an ever present feature of human existence The analysis of wars has tended to focus on either their causes or the military and strategic consequences of a conflict This book argues that war can have a much wider impact across layers of society that go beyond international boundaries It presents a heuristic multi disciplinary framework for analysing the ripple and backwash effects across five connected analytical layers around the world material human capabilities economic values belief and attitudes policy and governance and power Through this framework the book introduces a set of empirically rich and theoretically informed studies which examine the first consequences of the war in Ukraine following the invasion of Russia in February 2022 This multi disciplinary approach shows that the effects of the war were much deeper and sustained This volume will be of interest to students and scholars of international humanitarian law security studies peace and conflict studies and European history The chapters in this book were originally published as a special issue of Policy Studies

Committee, 2006-08-04 This report focuses upon the Home Office s identity cards scheme which uses various technologies including biometrics information and communication technology ICT and smart cards It explores the ways in which scientific advice risk and evidence are being managed in relation to technologies that are continually developing The Home Office has followed good practice by the establishment of advisory committees the use of Office of Government Commerce OGC Gateway Reviews and the development of risk management strategies along with a policy of gradual implementation But the Committee has identified weaknesses in the use of scientific advice and evidence There has been a lack of transparency surrounding the incorporation of scientific advice the procurement process and the ICT system Consultations have been limited in scope and their objectives have been unclear Only some aspects of the scheme such as the biometrics have been determined The Home Office s decisions demonstrate an inconsistent approach to scientific evidence and the Committee is concerned that choices regarding biometric technology have preceded trials With extensive trialling still to take place the Committee is sceptical about the validity of projected costs The Committee recommends that the Home Office seeks advice on ICT from senior and experienced professionals and establishes an ICT assurance committee It is crucial that the Home Office increases clarity and transparency across the programme not only in problem areas The programme should also be flexible enough to change should evidence emerge that contradicts existing assumptions

Identity and Symbolic

Interaction Richard T. Serpe, Robin Stryker, Brian Powell, 2020-04-22 This book examines identity theory s centrality within social psychology and its foundations within structural symbolic interaction highlighting its links not only to other prominent sociological subfields but also to other theoretical perspectives within and beyond sociology The book provides a synthetic overview outlining the intellectual lineage of identity theory within structural symbolic interactionism and how the Indiana

School of identity theory and research associated especially with Sheldon Stryker relates to other symbolic interactionist traditions within sociology. It also analyses the latest developments in response to the push to integrate identity theory which initially focused on role identities with the study of personal group and social identities. Further, it discusses the relationship between identity theory and affect control theory, providing a sense of the many substantive topics within sociology beyond social psychology for which the study of identity has important, sometimes underappreciated implications. The book concludes with a chapter summarizing the interrelated lessons learned while also reflecting on remaining key questions and challenges for the future development of identity theory.

The Minority Muslim Experience in Mainland Southeast Asia John Goodman, 2021-07-14. This book examines the lives of the Malay and Cham Muslims in Thailand, Cambodia and Vietnam and examines how they co-exist and live in societies that are dominated by an alternative consensus and are illiberal and non-democratic in nature. Focusing on two major Muslim communities in Southeast Asia, both of whom live as minorities in societies that are not democratic and have a history of hostility and repression towards non-conforming ideas, the book explains their circumstances, the choices and life decisions they have to make and how minorities can thrive in an unfriendly monocultural environment. Based on original field work and research, the author analyses how people live and how they adapt to societies which are not motivated by Western liberal ideals of multiculturalism. The book also offers a unique perspective on how Islam develops in an environment where it is seen as alien and disloyal. A useful contribution analyzing historical and post-colonial experiences of Muslim minorities and

how they survive and evolve over the course of state monopoly in mainland Southeast Asia this book will be of interest to academics working on Muslim minorities Asian Religion and Southeast Asian Studies **15 TGT Social Science Test Papers EMRS** Mocktime Publication, EMRS Exam Teachers TGT Social Science Test Papers 15 Practice Papers Tier 1 Eklavya Model Residential Schools as per Official Exam Pattern and Syllabus GMAT Prep Plus 2021 Kaplan Test Prep,2020-06-02 Always study with the most up to date prep Look for GMAT Prep Plus 2022 2023 ISBN 9781506277233 on sale December 14 2021 Publisher s Note Products purchased from third party sellers are not guaranteed by the publisher for quality authenticity or access to any online entitles included with the product **GMAT Complete 2020** Kaplan Test Prep,2019-06-04 Always study with the most up to date prep Look for GMAT Complete 2021 ISBN 9781506262406 on sale June 02 2020 Publisher s Note Products purchased from third party sellers are not guaranteed by the publisher for quality authenticity or access to any online entitles included with the product **Discovering Computers 2007** Gary B.
