Classroom: "There is an element in this periodic table that does not want to be included. Actually, this element is 'misogynistic.' He has offered to double your class attendance, has provided many extra assignments, and if you add his, he'll take you out of school for good. However, I've observed he has no respect for himself, nor for his fellow students, nor for the teachers and administrators and supervisors he has to face. Therefore, providing the correct identity for a little extra bonus will immediately help you find this element. This element was 'discovered' and is a common one, is a noble gas, and is a very small one. He, of course, makes poor most wanted as it is offered all these and promises that I'll have more money and property for his group."
