

Understanding Of Who I Am

Initially, it seems like a straight forward simple answer. I would normally start off by listing my age, nationality, religious belief, what school I attend, what I do for a living and so on. But does that truly define who I am? Once I sat and started thinking about it, I realized the question was more complicated than I initially thought it would be. So who am I?

I think for the most part I am a very easy going. I am a pretty easy person to get along with. I usually tend to have an optimistic outlook of life. And I always mad it my hardest to try making the right decision. I am self-determined, If I want something, I would try my ultimate best to do so. I am shy at first, but once I start opening up it'll be hard for you to shut me up. Another is that I'm always up for a challenge. I was always one to step out of comfort zone. I like to experience new things. The way I look at it, is... That there is so much to life. Why shouldn't you be more open to try new thing? You never know you like something unless you try. For instance, I was terrified of the pools. The idea of jumping in pool that's twelve feet... forget about it. My girlfriend pushed me to take a swimming class at queens college. I was up for a challenge. How hard could it be, I thought. Oh boy, was it hard.

On the very first day we were told to jump in the deep side of pool. Now you can only imagine what going inside my head. I could barely swim. I realized that it wasn't that bad. Anyways, to this day swimming turned into 2 one of my hobbies. I'm no Micheal Phelps but I really enjoy it. This semester I'm taking this scuba diving class, so hopefully soon I can go diving in the reefs of some tropical island. Life is like a roller coaster, you go up, you go down, you go up, you go down.

I Am a Real Person Helen Jones,2021-03-10 I first started writing this book I Am a Real Person as therapy for myself Although I ve had help from various therapists and counsellors there are some things that I have never been able to talk about or come to terms with and writing this book has helped me It tells of how and why I felt so worthless even from a young age and everything written is exactly how I remember it From even before I was married my life started to go downhill At first I believed it would pick up but after years of abuse I came to the conclusion that it would never change and I just wanted out Until things went from bad to worse and something was said to me that made me realise I had to do something positive I hope that my story will offer encouragement to anyone going through something similar There is always a way out however difficult it may seem

"Who, What Am I?" Irina Paperno,2015-02-06 God only knows how many diverse captivating impressions and thoughts evoked by these impressions pass in a single day If it were only possible to render them in such a way that I could easily read myself and that others could read me as I do Such was the desire of the young Tolstoy Although he knew that this narrative utopia turning the totality of his life into a book would remain unfulfilled Tolstoy would spend the rest of his life attempting to achieve it Who What Am I is an account of Tolstoy s lifelong attempt to find adequate ways to represent the self to probe its limits and ultimately to arrive at an identity not based on the bodily self and its accumulated life experience This book guides readers through the voluminous highly personal nonfiction writings that Tolstoy produced from the 1850s until his death in 1910 The variety of these texts is enormous including diaries religious tracts personal confessions letters autobiographical fragments and the meticulous accounts of dreams For Tolstoy inherent in the structure of the narrative form was a conception of life that accorded linear temporal order a predominant role and this implied finitude He refused to accept that human life stopped with death and that the self was limited to what could be remembered and told In short his was a philosophical and religious quest and he followed in the footsteps of many from Plato and Augustine to Rousseau and Schopenhauer In reconstructing Tolstoy s struggles this book reflects on the problems of self and narrative as well as provides an intellectual and psychological biography of the writer
