The dominating fast-food industry is the most prominent in America where there seems to be a restaurant on every block. The industry preys on Americans with their easily available and cheap food that leads to the prevalence of obesity and other health issues. People choose to give the industry their money in an effort to save money compared to buying healthier choices that cost more than the fast food. Society has moved to the mentally where we forgive and are more accepting of unhealthy eating and its consequences. Only when society, including the government, tackles uncaring attitude of the consequences of unhealthy eating can we progress to a society who makes more health conscious. The food industry and government can find ways to make the healthier options more affordable to people who are on budgets and change the way people discuss and approach the issue of unhealthy eating and the health consequences. People who are obese and/or have Type 2 diabetes is rising, in David Zinczenko's "Don't Blame the Eater," he states that "before 1994, diabetes in children was generally caused by a genetic disorder" and around 5 percent were due to obesity (392). Since then the numbers have increased at an alarming rate. There are people who argue that the fast food industry is to blame for these numbers, however, people are not as naïve to not know what repercussions consistent unhealthy eating has on their health. In America, we have seen the efforts of society trying to tackle unhealthy eating with the food pyramid, the food plate and portions, former First Lady Michelle Obama's campaign for healthy eating and even the lobbying for taxation on sugary drinks. However, America still faces the health issue of obesity and its consequences on the body. Yet, who should be held accountable to this health issue America faces: the fast food industry and their affordable food, people who refuse or are ignorant to face the facts of unhealthy eating, or the food industry who produces the alternatives (healthy food) but are more costly than fast food itself. In Wil Haygood's "Kentucky Town of Manchester Illustrates National Obesity Crisis," he introduces the town of Manchester with a population of 2,100 with an estimated
