Women of Kurdistan: A Historical and Bibliographic Study Shahrzad Mojab, Amir Hassanpour, 2021-04-19 Women of Kurdistan A Historical and Bibliographic Study documents a century long history of Kurdish women s struggles against oppressive gender relations and state violence It speaks to bibliographic silences on Kurdish women silences that are systemic and structured with many factors contributing to their re production The book records extensive literature on violence perpetrated by the family community and the state as well as presenting the reader with a vibrant archive of resistance and struggle of Kurdish women The analysis avoids the fashionable state centered scholarship which purifies processes of nation building state building and disguises their violence The image depicted of the women of Kurdistan in this bibliography is shaped also by the languages we have chosen English French and German It is a record of material in languages that are not spoken by the majority of the Kurds It will therefore be different from a bibliography of works in the Kurdish language which have a majority of Kurdish authors with more entries on topics such as poetry fiction education and arts Love and learning made the making of this bibliography imaginable It began more than 20 years ago when Amir was expanding his theoretical ground for class analysis of nationalism and peasant movement in the Kurdish region of Mukriyan Hassanpour 2021 Simultaneously I was engaged with debates on Marxist feminism and transnational feminism while grappling with post al tendencies in feminism such as post colonialism post structuralism and post modernism We wanted to better understand the explanatory power and political implications of Marx s dialectical historical materialism in explicating the intersecting and refracting relations of gender class race culture nation and nationalism This commitment nonetheless did not remain in the realm of epistemology as a disembodied intellectual exercise As a member of a dominant nation a Shirazi born Iranian I wanted to critically confront this national identity and the sense of belonging Amir sought to scrutinize patriarchal structures and gender relations in Kurdish history society culture and nation This intertwined mind and heart desire put us onto a path of renewed discoveries of our personal and intellectual relations In a nutshell this was the beginning of the making of Women of Kurdistan A Historical and Bibliographic Study Women of Kurdistan provides a

meticulously researched source book for readers interested in women gender and sexuality in Kurdistan and the Middle East It covers a wealth of bibliographic material including both scholarly and non academic publications many of which have not previously been accessible to broader audiences But Women of Kurdistan is more than a source of information It is also an eloquent reflection on the entanglement of knowledge production and political power and a call to recognize scholarship s potential in shaping historical change Above all it is a passionate statement about the impossibility to comprehend the intersection of colonial capitalist and nationalist forces without attention to women s lives and struggles Marlene Sch fers British Academy Newton International Fellow University of Cambridge Women of Kurdistan is simply an excellent template for how to chronicle women s resistance politics By framing the Kurdish women s struggles within a historical materialism under different modes of production and discussing the political influence of five different nations on the Kurdish peoples the authors offer a rich context that surpasses the common fetishization of women s armed resistance Internationally known for their Marxist and feminist works Mojab and Hassanpour apply theories of nationalism capitalism peasantry knowledge production and relationship between state and non state to understand the Kurdish experience while honouring the struggle voice and poetry of Kurdish women activists The book is as unapologetically critical of regional and religious hegemonies as it is of Kurdish patriarchies and is candid about the slipperiness of the concept of the ideal Kurdish woman while skeptical of the benefits of transnationalization for the women honoured in this book Afiya Zia author of Faith and Feminism Religious Agency or Secular Autonomy

L'immigration des intellectuels marocains en France Bruno Laffort,2009-04-01 Bruno Laffort a choisi d'analyser les processus d'installation des étudiants marocains arrivés en France entre le milieu des années 1970 et le début des années 1980 Il s'intéresse leurs devenir lorsqu'ils ont quitté les bancs de l'université pour la vie professionnelle Il a privilégié l'enquête qualitative en recueillant de nombreux récits de vie Il s'attache repérer les nombreux signes qui témoignent de l'installation progressive et durable de ces Marocains en France Ces Franco-marocains ou Marocains français nous invitent à dépasser le débat tr s monolithique autour de l'immigration tel qu'il est encore

pos aujourd'hui en France. Ces anciens étudiants qui se revendiquent d'une identité multiple nous ouvrent le champ des possibles en nous proposant une troisième voie entre l'universalisme jacobin et le multiculturalisme anglo-saxon. Tous ces signes les distinguent fortement de l'immigration marocaine traditionnelle constituée par les primo-arrivants installés en France dans des conditions beaucoup plus difficiles.

Être soi Philippe Chevallier, 2020-06-10 Être soi est ce revenir soi. Re-fluer vers une improbable source. Prendre des pensées de l'existence ritif tout système. Kierkegaard 1813-1855 est le héros de l'individualité passionnément cherchée dans un monde dominé par le chiffre et l'opinion. Si cette quête reste la n'être le philosophe danois en a bouleversé les termes. Il a conduit des hauteurs qu'ignorent les techniques du développement personnel. Il a pensé jusqu'au vertige de l'angoisse et du désespoir mais surtout de l'amour. Un amour où le moi ne s'appartient plus et se risque sur des voies inconnues. Pas de retour possible mais une tache vivre en avant, vivre au dehors. Telle est l'invitation provocante qu'il offre. Cet essai la fois guide de lecture et interprétation originale d'une œuvre qui dialogue ici avec d'autres grands textes philosophiques et littéraires. Jean-Paul Sartre, Henrik Ibsen, Lewis Carroll etc. En dépassant la question classique "Qui suis-je" vers celle plus exigeante de "Que suis-je", appelle Kierkegaard s'affirme comme le philosophe essentiel pour nos temps incertains.

Le documentaire, un autre cinéma - 5e éd. Guy Gauthier, Daniel Sauvaget, 2015-09-16 Le documentaire est un style part bien loin des studios avec le développement des caméras légères. De Robert Flaherty, Raymond Depardon, les noms qui jalonnent son histoire témoignent de sa participation active à la laboration et au développement du langage cinématographique. Cet ouvrage est depuis longtemps la référence de l'étudiant comme du cinéphile. Du cinéma muet à l'image numérique, il retrace l'histoire de cet autre cinéma à travers les continents en analysant son esthétique originale et sa confrontation au réel. L'occasion de cette cinquième édition : les biographies et les filmographies de cinéastes majeurs ont été actualisées et deux tomes ajoutés consacrés aux récents National Gallery de Frederick Wiseman et la recherche de Vivian Maier de John Maloof et Charlie Siskel.

Parmi eux, une ancienne journaliste de guerre, victime d'un attentat. Elle doit réapprendre à vivre, accepter un monde fait de violence et d'injustice mais de confiance aussi. Chercher, percer le mystère qui aura ôté l'enfant prophète en est sans doute une des voies. Des
