, 1922 **Poetics of Cognition** Jessica Lewis Luck, 2023-08-14 Poetics of Cognition investigates the material effects of experimental poetics using new evidence emerging from cognitive science It asks How do experimental poems think and how do we think through them Examining experimental modes such as the New Sentence proceduralism projective verse sound poetry and visual poetry Jessica Lewis Luck argues that experimental poems materialize not so much the content as the activity of the embodied mind and they can thus function as a powerful scaffolding for extended cognition both for the writer and the reader While current critical approaches tend to describe the effects of experimentalism solely in terms of emotion and sensation Luck shifts from the feeling to the thinking that these poems can generate expanding the potential blast radius of experimental poetic effects into areas of linguistic sonic and visual processing and revealing a transformational potency that strictly affective approaches miss The cognitive research Luck draws upon suggests that the strangeness of experimental poetry can reshape the activity of the reader s mind creating new forms of attention perception and cognition This book closes by shifting from theory to praxis extracting forms of teaching from the forms of thinking that experimental poems instill in order to better enable their transformative effects in readers and to bring poetry pedagogy into the twenty first century

Congress. House. Committee on Energy and Commerce. Subcommittee on Telecommunications and the Internet,2002 *Travel in Victorian Periodicals, 1850-1900* Barbara Korte,2024-08-28 This is the first study to explore the connections between the development of travel and the rapid expansion of the periodicals market in the second half of the nineteenth century in Britain By the 1860s travel articles had become a staple of the periodicals market and reached readers who might never have travelled far themselves or bought a travel book This monograph demonstrates that the representation of travel in Victorian periodicals came in forms and with cultural functions that differed from book publication and that this media specific representation helped to inscribe travel into the Victorian lifeworld Based on a corpus of several general interest periodicals targeted at different audiences this book investigates how different readers the family women young people and the working classes engaged with travel It argues that travel articles in periodicals performed significant cultural work because they accommodated readers to travel The Stylistics of Embodiment Anne Holm,2025-01-22 This book presents a stylistic framework for analysing embodiment in lyric texts While the assumption that our minds are embodied underlies most approaches in cognitive stylistics and beyond a systematic account of the linguistic patterns through which the body may be manifested in poetic expression has not yet

been provided Aiming to fill this gap the book focuses on contemporary lyric texts that prominently engage the senses in depicting past experiences Drawing its tools mainly from Cognitive Grammar and research on conceptual metaphors and iconicity the book investigates how sensory language gives rise to simulated embodied responses In doing so the book views poetic expression as a complex interplay of modalities and seeks to expand the concept of the lyric by incorporating digital poetry song lyrics performance poetry and lyrical prose among its case studies The book furthermore brings in current cognitive scientific research on the workings of memory to the analysis of sensory memory most centrally the psychological phenomenon of mental time travel It will be of interest to students and scholars working on stylistics literary studies and multimodal and intermedial studies

Adorno Roger Foster,2012-02-01 In Adorno Roger Foster argues that there is a coherent critical project at the core of Adorno s philosophy of language and epistemology the key to which is the recovery of a broader understanding of experience Foster claims in Adorno s writings it is the concept of spiritual experience that denotes this richer vision of experience and signifies an awareness of the experiential conditions of concepts By elucidating Adorno s view of philosophy as a critical practice that discloses the suffering of the world Foster shows that Adorno s philosophy does not end up in a form of resignation or futile pessimism Foster also breaks new ground by placing Adorno s theory of experience in relation to the work of other early twentieth century thinkers in particular Henri Bergson Marcel Proust Edmund Husserl and early Wittgenstein
