

FLACS PRACTICE: LISTENING (Ir de Compras)

TEACHER DICTATION

FLACS DIRECTIONS:

There are five questions in Part 2a. Each question is based on a short passage, which will be read aloud to you. Listen carefully! Before each passage, you will hear background information in English once, then you will hear the passage in Spanish twice. After you have heard the passage for the second time, you will hear the question in English once. The question is also printed in your test booklet. After you have heard the question, you will have about thirty (30) seconds before hearing the next question. During that time, read the question and the four suggested answers in your test booklet. Choose the best suggested answer and write its letter in the space provided. Base your answer on the content of the passage, only. You should not read the question and the suggested answers while you are listening to the passage. This will allow you to give all your attention to what you hear. This will now begin.

1. You are speaking with a person in Madrid, Spain, who is describing a trip to a jewelry store.

Ayer fui a una joyería para comprar un regalo para mi madre. Estaba buscando un collar elegante, pero también quería algo que no fuera demasiado caro. La vendedora me mostró varias opciones y al final encontré un collar de plata con un pequeño diamante. Me encantó porque era sencillo pero elegante. Decidí comprarlo, y ahora estoy esperando el día del cumpleaños de mi madre para dárselo.

What did the speaker buy at the jewelry store?

2. You are speaking with someone in Mexico City, Mexico, who is talking about their shopping trip to a bakery.

Esta mañana fui a la panadería cerca de mi casa porque quería comprar pan recién hecho. Me encanta el pan de la panadería, especialmente las baguettes y los croissants. También compré un pastel pequeño para celebrar el cumpleaños de mi hermana. La panadera me recomendó un pastel de chocolate con crema que está muy delicioso. Cuando lo probamos en casa, a todos nos encantó.

What did the speaker buy at the bakery?

3. You are talking with a person in Buenos Aires, Argentina, who is talking about their trip to the supermarket.

Fui al supermercado ayer porque necesitaba comprar algunos ingredientes para la cena. Compré pollo, arroz, y algunas verduras frescas como tomates, pimientos y lechuga. También pasé por la sección de lácteos y compré queso y yogur. Después de hacer las compras, me di cuenta de que olvidé comprar pan, así que tuve que regresar. ¡Fue una visita bastante larga al supermercado!

What did the speaker forget to buy at the supermarket?

Dow, 2013-06-17 As school districts across the United States increasingly question the need for trained librarians this collection of research based evidence helps make the case for a state licensed librarian in every school While serving on the AASL legislation committee Mirah Dow recognized the urgent need to utilize research based evidence to prove school librarians are much more than an educational luxury This collection is the result It brings together school library research studies and findings from the past decade and draws connections to how they can be applied to situations and questions that occur in practice Taken as a whole the research underscores that state licensed school librarians are a necessity for 21st century students Chapters center on important research studies from the past decade that examine data and locate school libraries within operational contexts Methodologies are explained and findings summarized while notes clarify practical applications for school librarians Because each chapter includes a connection to broad realms of theoretical influence in the social sciences the work will also be relevant to educators and public policymakers arming them to better communicate research based links between investments in school libraries and student learning outcomes
