PRAXIS English Language, Literature, and Composition 0041 Sharon A. Wynne,2010-05-21 I selected this book to help me study for the Praxis II 0041 because it was one of the only test prep guides to focus solely on that particular test rather than including all English praxis tests or all Praxis tests or whatnot I was impressed with the content sections of this book It actually seems to cover a broad overview of what the Praxis II 0041 will cover However I am extremely displeased with the publishers decision to promote the idea that they include 4 practice tests on the cover If one reads the smaller print one will see that two of those tests require further payment online Fine whatever so it s only two exams At least they re explicit about that on the cover of the book right Well let me tell you a secret the diagnostic test they mention hosting on their website the sample questions in section in the book and the free test in the book all include overlapping questions Therefore the practice test in the back of the book is basically useless
