Victory 1945 Gordon L. Rottman, 2015-11-20 Even when Western Allied troops gained a foothold in Normandy World War II in Europe was far from over The route to Germany's interior and the Nazis final surrender was long arduous and blood stained The Wehrmacht's stubborn resistance and the shocking losses suffered by US British Canadian and Free European troops meant that the Allies had to adapt and refine small unit tactics battle drills and their use of weapons and munitions The troops who finally met up with the Red Army in Germany were a very different fighting force to the one that struggled up the beaches of northern France This book offers a comprehensive guide to the late war Allied troops exploring their uniforms equipment organization and tactics Detailed description and accurate colour pictures illustrate the means by which the Allied troops on the ground evolved to the point of winning the war on the Western Front Reporting David Remnick, 2007-05-08 David Remnick is a writer with a rare gift for making readers understand the hearts and minds of our public figures Whether it's the decline and fall of Mike Tyson Al Gore's struggle to move forward after his loss in the 2000 election or Vladimir Putin dealing with Gorbachev's legacy Remnick brings his subjects to life with extraordinary clarity and depth In Reporting he gives us his best writing from the past fifteen years ranging from American politics and culture to post Soviet Russia to the Middle East conflict from Tony Blair grappling with Iraq to Philip Roth making sense of America's past to the rise of Hamas in Palestine Both intimate and deeply informed by history Reporting is an exciting and panoramic portrait of our times

The Devil's Hand Jack Carr, 2023-02-07 It's been twenty years since 9/11 Two decades since the United States was attacked on home soil and embarked on twenty years of war The enemy has been patient learning and adapting And the enemy is ready to strike again A new president offers hope to a country weary of conflict He's a young popular self-made visionary but he's also a man with a secret Halfway across the globe a regional superpower struggles with sanctions imposed by the Great Satan and her European allies a country whose ancient religion spawned a group of ruthless assassins Faced with internal dissent and extrajudicial targeted killings by the United States and Israel the Supreme Leader puts a plan in motion to defeat the most powerful nation on earth Publisher's description [Subordinating Intelligence](#) David P. Oakley, 2019-03-15 In the late eighties and early nineties driven by the post Cold War environment and lessons learned during military operations United States policy makers made intelligence support to the military the Intelligence Community's top priority In response to this demand the CIA and DoD instituted policy and organizational changes that altered their relationship with one another While debates over the future of the Intelligence Community were occurring on Capitol Hill the CIA and DoD were expanding their relationship in peacekeeping and nation building operations in Somalia and the Balkans By the late 1990s some policy makers and national security professionals became concerned that intelligence support to military operations had gone too far In *Subordinating Intelligence* The DoD CIA Post Cold War Relationship David P. Oakley reveals that despite these concerns no major changes to national intelligence or its priorities were implemented These concerns were forgotten after 9/11 as the United States fought two wars and policy makers increasingly focused on tactical and operational actions As policy makers became fixated with terrorism and the United States fought in Iraq and Afghanistan

the CIA directed a significant amount of its resources toward global counterterrorism efforts and in support of military operations

The Jungle League Greg Singley,2016-12-06 The year was 1938 The small town of La Batterie Mississippi had a baseball team They were called the Warriors They played in an after college town team league called the Delta League Most of the Warriors were scouted by the majors and they were about to leave the family farm for big city pro careers when war was declared They were sent to the Island of New Guinea to fight the Japanese and maybe get to play baseball in the Overseas Leagues against some big leaguers They didn't find out until after they deployed that they might ever get to play baseball again They thought their pro baseball dreams were shot But because of the style and tactics of warfare and the intensity of the fighting on New Guinea it was logistically impossible for Overseas Leagues to organize for morale on that island for most of the war Being denied the morale and opportunity to participate in the Overseas Leagues compounded by the hunger to play and the awareness that baseball was being played all around them in the South Pacific in the end made them bitter and thereby made them better than they already were So they had to gut it out They played pick up games when they could in the rain using homemade equipment while getting shot at by snipers But finally near war's end on leave and visiting the wounded they forced a little match on the hospital diamond with a top Navy team on the Island of Manila Word of the embarrassing ass kicking of a top Navy team by a bunch of Army nobodies got all the way back to an all star major leaguer stationed in Hawaii and soon after he and his Navy All Stars Touring Team accompanied by a crew of Seabees arrived on New Guinea and carved a diamond out of that jungle and a game it was
