To Start a War Robert Draper, 2021-07-27 Essential one for the ages a must read for all who care about presidential power The Washington Post Authoritative The most comprehensive account yet of that smoldering wreck of foreign policy one that haunts us today LA Times One of BookPage's Best Books of 2020 *To Start a War* paints a vivid and indelible picture of a decision making process that was fatally compromised by a combination of post 9 11 fear and paranoia rank na vet craven groupthink and a set of actors with id es fixes who gamed the process relentlessly Everything was believed nothing was true Robert Draper's fair mindedness and deep understanding of the principal actors suffuse his account as does a storytelling genius that is close to sorcery There are no cheap shots here which makes the ultimate conclusion all the more damning In the spirit of Barbara W Tuchman's *The Guns of August* and Marc Bloch's *Strange Defeat* *To Start A War* will stand as the definitive account of a collective scurrying for evidence that would prove to be not just dubious but entirely false evidence that was then used to justify a verdict that led to hundreds of thousands of deaths and a flood tide of chaos in the Middle East that shows no signs of ebbing

Curveball Bob Drogin, 2007-10-30 A crucial study in the political manipulation of intelligence understanding how Curveball got us into Iraq will arm us for the next round of lies coming out of Washington Robert Baer author of *See No Evil The True Story of a Ground Soldier in the CIA's War on Terrorism* Curveball answers the crucial question of the Iraq war How and why was America's intelligence so catastrophically wrong In this dramatic and explosive book award winning Los Angeles Times reporter Bob Drogin delivers a narrative that takes us to Europe the Middle East and deep inside the CIA to find the truth the truth about the lies and self deception that led us into a military and political nightmare Praise for Curveball Just when you thought the WMD debacle couldn't get worse here comes veteran Los Angeles Times national security correspondent Drogin's look at just who got the stories going in the first place Simultaneously sobering and infuriating essential reading for those who follow the headlines Kirkus Reviews In this engrossing account Los Angeles Times correspondent Drogin paints an intimate and revealing portrait of the workings and dysfunctions of the intelligence community Publishers Weekly An insightful and compelling account of one crucial component of the war's origins Had Drogin merely pieced together Curveball's story it alone would have made for a thrilling book But he provides something more a frightening glimpse at how easily we could make the same mistakes again The real value of

Drogin's book is its meticulous demonstration that bureaucratic imperative often leads to self-delusion. Washington Monthly Drogin delivers a startling account of this fateful intelligence snafu. Booklist By the time you finish this book you will be shaking your head with wonder or perhaps you will be shaking with anger about the misadventures that preceded the misadventures in Iraq. This book is so powerful it almost refutes its subtitle. The man called Curveball did not cause a war; he became a pretext one among many. George F. Will
