

From the syllabus: Research a topic in sensation and perception. Review the relevant literature on the topic and write a 5 – 7 page paper (formatted to APA style). The topic should come from the textbook or be a topic related to sensation and perception (e.g., perceptual processes involved in catching a Frisbee), but should be of interest to you. The paper *must* include at least ten [10] references from reputable sources including studies published empirical journals. Additional handouts will be provided.

Papers should include:

1. a thorough definition and description of the particular topic
2. a representative example of the phenomenon (could be a description, figure, picture, etc.)
3. a representative summary of the relevant research on the topic (in terms of psychology and any related disciplines)
4. conclusions

How will papers be graded?

1. By examining whether the four criteria above have been addressed.
2. Connections to class. The material covered in your paper should provide evidence that you have read the class materials and have expanded on an area discussed in the textbook, readings, or lectures.
3. Form
 - i. spelling
 - ii. grammar
 - iii. coherent order of presentation of information
4. APA format (use 6th edition style).
 - i. Double space throughout
 - ii. You need a title page
 - iii. Write in a scholarly tone
 - iv. Write in the third-person and in the past tense
5. You must incorporate at least 10 references into your paper, and most of these should be published after 2001. Integrate the information from your sources, do not discuss the first source, then the second, then the third, etc. To see how this is accomplished look at the journal articles you are reading. The introduction sections integrate information from multiple sources.

Benchmarks: During the semester several preliminary pieces to your paper will be submitted. These are not graded, but failure to submit by the due dates will result in a 5% reduction to your research paper's grade.

1. a typed, tentative topic with a short description is due in class on Thursday, 9-19-2013.
2. a typed, preliminary bibliography is due in class on Thursday, 10-24-2013. This does not have to your final bibliography, but should include at least five of your sources.
3. a typed, tentative outline is due in class on Tuesday, 11-19-2013. This does not have to be the final structure, but should show that you have been thinking about how to order the information in your paper in a coherent manner.

Final paper: A typed, final draft of your paper is due in class on Thursday, 12-5-2013. And a digital copy will be submitted to turnitin.com. (See rubric for grading) Late papers will receive a zero.

Academic dishonesty of any kind will not be tolerated. Any act of plagiarism (using others' words or ideas, not citing references properly, etc.) will result in a failing grade for the course. Do not use any direct quotations. It is your responsibility to know what constitutes plagiarism: ignorance is: ignorance is not bliss!
