Born on 12th February 1809 to a Kentucky frontiersman, Abraham Lincoln was the 16th President of the United States of America. He served the country from March 1861 to April 1865 when he was assassinated. Lincoln is remembered by many Americans to have led the union of the red and blue states through the civil war that has been described as the bloodiest war that bore the greatest constitutional, moral and political crises.

Before rising to the house on the hill, Lincoln made extraordinary efforts to acquire knowledge while working on a farm as a laborer splitting rails for use in making fences. He also worked as a store keeper at New Salem, Illinois. During the Black Hawk War, he was a captain. Besides, he spent eight years working in the legislature at Illinois where he rode the circuit of courts for several years.

Abraham Lincoln was married to Mary Todd with whom they had four boys. Among their children, only one lived to maturity. In 1858, Lincoln ran for senator against Stephen A Douglas and lost. However, it was his appeal in the debate that earned him a national reputation and the Republican nomination for president in 1860.

While giving his inaugural address, Lincoln was very categorical in pointing out that he shall be the most solemn one to preserve, protect and defend the government of the United States of America. He was willing to go to any length towards the protection of the Federal law and the Union.

As the President, he played a great role in building the Republican Party to become a strong national organization. He further rallied a great number of northern Democrats to the cause of the Union. His Emancipation Proclamation on 1st January 1858 declared the ultimate freedom of slaves who were within the confederacy.

Abraham Lincoln was concerned and came out boldly in telling the world that the Civil war indeed involved a bigger issue. In his speech at

number of others including Orville H Browning U S senator and Lincoln s close friend and adviser for over thirty five years and Ozias M Hatch Lincoln s political ally and Springfield neighbor Four years later he returned briefly and spoke with John W Bunn a young political insider from Springfield at the time Lincoln was elected president and once again with Hatch Browning shed new light on Lincoln s courtship and marriage telling Nicolay that Lincoln often told him that he was constantly under great apprehension lest his wife should do something which would bring him into disgrace while in the White House During their research Nicolay and Hay also learned of Lincoln s despondency and erratic behavior following his rejection by Matilda Edwards and they were subsequently criticized by friends for suppressing the information Burlingame argues that this open discussion of Lincoln s depression of January 1841 is perhaps the most startling new information in the Springfield interviews Briefer and more narrowly focused than the Springfield interviews the Washington interviews deal with the formation of Lincoln s cabinet his relations with Congress his behavior during the war his humor and his grief In a reminiscence by Robert Todd Lincoln for example we learn of Lincoln s despair at General Lee s escape after the Battle of Gettysburg I went into my father s office and found him in much distress his head leaning upon the desk in front of him and when he raised his head there were evidences of tears upon his face Upon my asking the cause of his distress he told me that he had just received the information that Gen Lee had succeeded in escaping across the Potomac river To supplement these interviews Burlingame has included Nicolay s unpublished essays on Lincoln during the 1860 campaign and on Lincoln s journey from Springfield to Washington in 1861 essay s based on firsthand testimony *The Military Genius of Abraham Lincoln* Colin Robert Ballard,1926 **Abraham Lincoln** Carl Schurz,2022-10-27 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant
