Green Building Handbook: Volume 2 Tom Woolley, Sam Kimmins, 2003-09-02 This new handbook provides a detailed reference for environmentally concerned purchasers of building products Invaluable for the specifier this handbook will be useful to all interested in finding greener ways of designing and building **Bulletin**, 1909 **Doctrine of the Priesthood Vol 18 No. 1 - The Church of the Firstborn — Its Articles of Faith and a Short History from the Time of Adam to the Present**, **Doctrine of the Priesthood Vol 10 No. 1 - The One Anointed and Appointed — That One Man Office in the Priesthood — An Open Letter to All Those Who Would Be Saints**, Black Market Truth Sharon Kaye, 2008-10-27 Vatican Inspector Domenico Conti is called to St Paul's Basilica in Rome the morning after a break in that leaves the sarcophagus empty and its guard dead Conti is told to find the perpetrators but more importantly to recover the contents of the tomb Dr Dana McCarter newly appointed director of the Advanced Institute for the Study of Antiquity at NYU has her own secrets Her groundbreaking work on the Ancient Greek philosopher Aristotle was cause for her appointment to head the billion dollar initiative to unearth the secret roots of Western civilization What no one suspects is that her success is based on an addiction to illegal trafficking in black market manuscripts When a mysterious stranger gives Dana a tantalizing glimpse of a truly surprising scroll she becomes obsessed with tracking down its source Conti follows the trail of deceit to Dana's doorstep and the two form an unlikely team each with their own motives for recovering the scrolls which turn out to be five of Aristotle's lost dialogues In their battle for the scrolls Conti and Dana must confront their own demons as well as two powerfully evil forces the Dionysian cultists who want to keep the scrolls hidden and the Muslim jihadists who want to reveal them in order to discredit Christianity once and for all *The Debates in the Several State Conventions on the Adoption of the Federal Constitution* Jonathan Elliot, 1845 A History of Wine in America, Volume 1 Thomas Pinney, 2007-09-17 The Vikings called North America Vinland the land of wine Giovanni de Verrazzano the Italian explorer who first described the grapes of the New World was sure that they would yield excellent wines And when the English settlers found grapes growing so thickly that they covered the ground down to the very seashore they concluded that in all the world the like abundance is not to be found Thus from the very beginning the promise of America was in part the alluring promise of wine How that promise was repeatedly baffled how its realization was gradually begun and how at last it has been triumphantly fulfilled is the story told in this book It is a story that touches on nearly every section of the United States and includes the whole range of American society from the founders to the latest immigrants Germans in Pennsylvania Swiss in Georgia Minorcans in Florida Italians in Arkansas French in Kansas Chinese in California all contributed to the domestication of Bacchus in the New World So too did innumerable individuals institutions and organizations Prominent politicians obscure farmers eager amateurs sober scientists these and all the other kinds and conditions of American men and women figure in the story The history of wine in America is in many ways the history of American origins and of American enterprise in

microcosm While much of that history has been lost to sight especially after Prohibition the recovery of the record has been the goal of many investigators over the years and the results are here brought together for the first time In print in its entirety for the first time A History of Wine in America is the most comprehensive account of winemaking in the United States from the Norse discovery of native grapes in 1001 A D through Prohibition and up to the present expansion of winemaking in every state *Church-State Relations in the Early American Republic, 1787-1846* James S Kabala,2015-10-06 Americans of the Early Republic devoted close attention to the question of what should be the proper relationship between church and state Kabala examines this debate across six decades and shows that an understanding of this period is not possible without appreciating the key role religion played in the formation of the nation *Did Lincoln and the Republican Party Create the Civil War?* Robert P. Broadwater,2008-07-30 The author seeks to challenge the long held perceptions of the politics of the American Civil War He argues that the war was fought not to preserve the Union or free the slaves but rather to establish the political power of the Republican Party within the federal government The author argues further that Abraham Lincoln and the Republican Party manipulated events to bring about the Civil War in the first place and used the war as a pretext for the establishment of the modern central government U.S. Geological Survey Professional Paper ,1927 *Office of Education Research Reports, 1956-65, ED 002 747-ED 003 960* Educational Research Information Center (U.S.),1967 **Ravished by the Spirit** George A. Rawlyk,1984 Ravished by the Spirit is a sympathetic yet critical account of the profound effect of Nova Scotia preacher Henry Alline and his New Light disciples on the nineteenth century evangelical ethos of Nova Scotia New Brunswick and neighbouring New England Alline s pietistic and mystical gospel was influential on the Free Will and Calvinist Baptist Churches and also gave shape and substance to the region s revivalistic tradition In this provocative discussion of various religious revivals the author argues that at the heart of these significant social movements lay a collective yearning for intimacy and a desperate search for meaningful relationships *Communities and Families* J. Golby,1994-07-29 A major new initiative designed to stimulate and develop personal research in family and community history *Scientific and Technical Aerospace Reports* ,1990 **A Modern Miscellany** Paul Bevan,2015-11-02 In A Modern Miscellany Shanghai Cartoon Artists Shao Xunmei s Circle and the Travels of Jack Chen 1926 1938 Paul Bevan explores how the cartoon manhua emerged from its place in the Chinese modern art world to become a propaganda tool in the hands of left wing artists The artists involved in what was largely a transcultural phenomenon were an eclectic group working in the areas of fashion and commercial art and design The book demonstrates that during the build up to all out war the cartoon was not only important in the sphere of Shanghai popular culture in the eyes of the publishers and readers of pictorial magazines but that it occupied a central place in the primary discourse of Chinese modern art history *Glimpses of Paradise* Penny Olsen,2007 The history of the Paradise Parrot from its discovery in the 1800s to its extinction in the 1920s and how claims of sightings have continued to the present day Literary News ,1882 **Honorable Treachery** G.J.A.

O'Toole,2014-11-11 A splendidly written impeccably researched and perfectly fascinating look at clandestine operations from colonial times to the Cuban Missile Crisis The Washington Post Book World We've always depended on intelligence gathering to drive foreign policy in peacetime and command decision in war but that work has often taken place in the shadows Honorable Treachery fills in these details in our national history dramatically recounting every important intelligence operation from our nation's birth into the early 1960s Among numerous other stories the book recounts how in 1795 President Washington mounted a covert operation to ransom American hostages in the Middle East how in 1897 Kaiser Wilhelm II's plans for an invasion of the United States were stopped by the director of the US Office of Naval Intelligence and how President Woodrow Wilson created a secret agency called the Inquiry to compile intelligence for the peace negotiations at the end of World War I From a Pulitzer Prize finalist who himself worked for the CIA Honorable Treachery puts America's use of covert intelligence into a broader historical context providing a unique insight into the secret workings of our country O'Toole offers fascinating information generally unrecorded in traditional diplomatic and military histories Library Journal
