Organized Secularism in the United States Ryan T. Cragun, Christel Manning, Lori L. Fazzino, 2017-11-07 There has been a dramatic increase in the percentage of the US population that is not religious However there is to date very little research on the social movement that is organizing to serve the needs of and advocate for the nonreligious in the US This is a book about the rise and structure of organized secularism in the United States By organized secularism we mean the efforts of nonreligious individuals to build institutions networks and ultimately a movement that serves their interests in a predominantly religious society Researchers from various fields address questions such as What secularist organizations exist Who are the members of these organizations What kinds of organizations do they create What functions do these organizations provide for their members How do the secularist organizations of today compare to those of the past And what is their likely impact on the future of secularism For anyone trying to understand the rise of the nonreligious in the US this book will provide valuable insights into organized efforts to normalize their worldview and advocate for their equal treatment in society Key Concepts in Public Archaeology Gabriel Moshenska, 2017-09-28 This book provides a broad overview of the key concepts in public archaeology a research field that examines the relationship between archaeology and the public in both theoretical and practical terms While based on the long standing programme of undergraduate and graduate teaching in public archaeology at UCL's

renowned Institute of Archaeology the book also takes into account the growth of scholarship from around the world and seeks to clarify what exactly public archaeology is by promoting an inclusive socially and politically engaged vision of the discipline Written for students and practitioners the individual chapters provide textbook level introductions to the themes theories and controversies that connect archaeology to wider society from the trade in illicit antiquities to the use of digital media in public engagement and point readers to the most relevant case studies and learning resources to aid their further study This book was produced as part of JISC s Institution as e Textbook Publisher project Find out more at <https://www.jisc.ac.uk/rd/projects/institution-as-e-textbook-publisher> Praise for Key Concepts in Archaeology Littered throughout with concise and well chosen case studies Key Concepts in Public Archaeology could become essential reading for undergraduates and is a welcome reminder of where archaeology sits in UK society today British Archaeology *Prepare and Pass the New York State Notary Exam* Gerrie Pierre-Fleurimond,2009-01-01 NYS Notary Exam Study Guide 2025 Alexandra M.

Bennett,2025 The Rotarian ,1940-10 Established in 1911 The Rotarian is the official magazine of Rotary International and is circulated worldwide Each issue contains feature articles columns and departments about or of interest to Rotarians Seventeen Nobel Prize winners and 19 Pulitzer Prize winners from Mahatma Ghandi to Kurt Vonnegut Jr have written for the magazine **Security Rights in Intellectual Property** Eva-Maria Kieninger,2020-06-11 This book discusses the main

legal and economic challenges to the creation and enforcement of security rights in intellectual property and explores possible avenues of reform such as more specific rules for security in IP rights and better coordination between intellectual property law and secured transactions law In the context of business financing intellectual property rights are still only reluctantly used as collateral and on a small scale If they are used at all it is mostly done in the form of a floating charge or some other all asset security right The only sector in which security rights in intellectual property play a major role at least in some jurisdictions is the financing of movies On the other hand it is virtually undisputed that security rights in intellectual property could be economically valuable or even crucial for small and medium sized enterprises especially for start ups which are often very innovative and creative but have limited access to corporate financing and must rely on capital markets securitization capital market Therefore they need to secure bank loans yet lack their own traditional collateral such as land
