Ethics, the Heart of Leadership Joanne B. Ciulla, 2014-09-09 Top academic scholars ponder the question of ethics as it pertains to all aspects of leadership in business government and nonprofit organizations If leaders

were defined by their influence on history Hitler would be on par with Gandhi Lincoln and Mother Theresa Yet most of us believe that our superiors have a responsibility to exercise power with a purpose far greater than any political agenda and a motive more noble than personal gain This thought provoking collection of essays explores the ethical challenges that leaders face in their relationships with followers the choices they make and the ways in which they influence others Joanne Ciulla and her contributors examine the traits and characteristics of top tier leaders She questions the assumption that moral fortitude is an inherent part of being in charge analyzes the roles that charisma morality and delegation play in the leadership paradigm and considers whether individuals who want to lead with integrity but are sometimes forced to get their hands dirty for their constituents can be called moral leaders Readers will gain an appreciation for how ethics is not an add on to the practice of leadership but rather an integral part of it an element that informs the very idea of what it means to lead and to lead well

Popular Culture, Conspiracy Theory, and the Star Trek Text George A. Gonzalez, 2020-03-04 The forward progress of society is not automatic and should not be taken for granted. The assassination of President John F. Kennedy in 1963 can be viewed as ending his effort to deploy American prestige and power to forward change worldwide. Today there are political forces seeking to stop progressive social, political, and economic change. Whatever the reasons, such forces are conspiring to impose authoritarianism to suppress the public's desire for just democratic government. The brutality, violence, viciousness, and racism, dystopia of authoritarianism are becoming more and more the hallmark of world politics. Perhaps the most glaring aspect of this dystopia is the fact that the American state has been almost continuously at war for the past thirty years, including a sinister, dastardly drone assassination program. One means to obscure the ongoing conspiracy to ultimately impose outright dictatorship on the American people, and the rest of the world is to smear and malign critics of this conspiracy as guilty of conspiracy theory, advocating and embracing baseless fantasies.
